## IDEAS DIFFER ON COMMANDMENTS

Rules Laid Down for Married Men and Women

CASH FOR THE BEST ANSWERS

Judge Becker to Pick Winner in Popular Contest

That the question of domestic relationships is one that is of interest to practically everybody is shown by the character and the number of letters being received each day, by the Contest Editor, in answer to the request for "Commandments" for married men and women.

Replies are being received from married men and from married women, from bachelor maids and bachelor men, and from both those who are about to be married and those who hope to be.

In some of the letters received are little notes stating that the rules enclosed have been followed by the married couples throughout their lives and have proved helpful in charting the course over the sea of matrimony. These are just the letters desired.

The News is attempting to do its best to bring out the very best thought and experience in the community along this line.

Whether you are married or single, old or young, send in what you consider to be the "Ten Commandments" that a man and a woman should follow. You may send in one for a man or one for a woman or you may send in one for each, or several for each. The number is not limited and everyone is eligible. All letters should be mailed or brought to the Contest Editor, The News.

Two classes have been arranged, one for "Commandments" for men and one for "Commandments" for women. The best set received in each class will be awarded \$7.50 and the second best set \$5. The third, fourth and fifth best sets in each class will each be awarded two tickets to the winners' favorite movie theatre. Ten awards will be made and the total of the cash given amounts to \$25.

Awards will be made by Judge Fred C. Becker with the aid of a man and a woman who are competent to help him.

The first of the three sets of "Ten Commandments" picked from among the letters received is written for married men to follow. According to the writer the husband should:

- 1.—Be faithful and true to his wife.
- 2.—Always have his wife accompany him to places of amusement.
- 3.—Never let his wife know his wife is going to work without his permission.
- 4.—Never let his wife know his wife is going to work without his permission.
- 5.—Never let his wife know his wife is going to work without his permission.
- 6.—Never let his wife know his wife is going to work without his permission.
- 7.—Never let his wife know his wife is going to work without his permission.
- 8.—Never let his wife know his wife is going to work without his permission.
- 9.—Never let his wife know his wife is going to work without his permission.
- 10.—Never let his wife know his wife is going to work without his permission.

Here are ten rules laid down by a young woman for the married members of her sex to follow.

1.—Always have his wife accompany him to places of amusement.

## PURPERA MUST DIE IN ELECTRIC CHAIR

Convicted of Murder in Sly-Fanner Payroll Holdup

SECOND OF GANG TO BE TRIED

He and Motto Will be Electrocutted Same Day

CLEVELAND — (By United Press) — Sam Purpera was found guilty of murder in the first degree in the killing of Wilfred C. Sly, in the Sly-Fanner payroll holdup and murders, by a jury in Judge Bernon's court today.

Judge Bernon immediately sentenced him to die in the electric chair at the Ohio penitentiary at sunrise, August 23. This is the same date that Frank Motto, convicted last week on the same charge, also will die.

VERDICT RETURNED

The jury received the case at 5 p. m., yesterday. When it was reported at 9:45 last night that they were still far from agreement, Judge Bernon ordered them locked up.

Balloting was resumed this morning. The jury returned to the court room at 9:30 with its verdict of guilty in the first degree.

Four women were members of the jury. A woman was foreman of the jury that convicted Frank Motto last week.

Before passing sentence, Judge Bernon asked Purpera if he had anything to say.

"I am innocent," Purpera replied. He was extremely nervous. "You are not innocent," said Judge Bernon, and then pronounced the court sentence.

THIRD TO BE TRIED

Purpera was tried for the slaying of Wilfred C. Sly, who was murdered, along with George K. Fanner, in a payroll holdup here December 31, 1920.

The trial began Monday, less than two months after Purpera had been arrested for automobile stealing by detectives of the Automobile Club of Southern California, at Los Angeles.

Louis Komer, alias "the Toledo Kid," third member of the "bandit gang," is now in the county jail and will be tried for first degree murder on June 13, for the slaying of Sly.

Three other members of the gang are still at large. It is believed that two of them are in Italy and the third in Mexico.

BRIAND TO MEET LLOYD-GEORGE

Premiers Will Attempt Settlement of Silesia Dispute

PARIS — (By Associated Press) — Premier Briand of France is expected to meet the supreme allied council to discuss the Silesian question until the inter-allied commission in Silesia has reached an agreement and submitted a report. Some of this morning's newspapers declared that M. Briand and Premier Lloyd-George of Great Britain were likely to meet at Boulogne either tomorrow or Sunday.

It would appear, however, that M. Briand will not confer with the British prime minister until after interpellations of the government in the chamber of deputies are completed, and he has secured a vote of confidence.

There are at least nine more members of the chamber to question the government relative to reparations, the general financial policy of the ministry and the Silesian question, and it was believed here today that M. Briand will not be able to reply to these and receive a vote of confidence until late tomorrow.

GERMANY STAYS OUT

Assurances that Germany would avoid interference in the Silesian plebiscite area, and that shipments of arms and ammunition across the Silesian frontier would be stopped, given to the Spanish ambassador at Berlin by Joseph Wirth, the German chancellor, yesterday, served to decrease the tension over the Silesian situation here today.

Announcement is made by the ministry of liberated regions that Germany will soon begin the delivery of wooden houses to be erected in the devastated zone of northern France. Germany will furnish 25,000 of these houses, which will be somewhat similar to the portable houses seen in American beach colonies, but built more solidly and constructed so that they will be waterproof.

## MANAGER WOULDN'T LET HER DANCE, SAYS IRENE; SHE ASKS \$30,000

Irene Castle

NEW YORK — (Special) — That she was "doing a specialty" — That she did not need to rehearse, is the reason Irene Castle Treman, famous dancer, gives for her failure to appear for said rehearsals while under contract with the Century Amusement Corporation, which includes Charles Dillingham and Florenz Zeigfeld. Her suit against the corporation for \$30,000 for breach of contract was opened recently. The Century officials charge insubordination. They claim that she refused to attend rehearsals and that she herself broke the contract.

Alto the show ran from October 1 to July. Mrs. Treman says that she was refused permission to go on the stage on December 3. Consequently she claims salary for the thirty weeks and show run on without her.

The dancer lives in Ulica with her husband, Robert E. Treman.

## HOMES RAIDED BY BOOTLEGGERS

Seize Liquor in Quebec for Runners to U. S.

WINDSOR, Ont. — (By Associated Press) — Bootleggers who contracted to supply rum runners in Detroit with whiskey have been so hard pressed for supplies since the law against importation of liquor from Quebec went into effect that they have resorted to organized raids on liquor stocks in private homes here, the police department declared today in announcing that the entire force would be detailed to the task of running down the raiders.

Scores of homes have been broken into within the past two weeks and large stocks of liquor hauled away in automobiles. On the west side, citizens have organized neighborhood patrols to protect their property.

Another cause believed responsible for the numerous liquor thefts is the suspension, effective today, of five federal prohibition officers at Detroit, in accordance with the recent order of Commissioner Kramer. Rum runners, it is believed, anticipate less difficulty in crossing the border in the absence of the federal agents.

## COLONY SITE SOLD

Mennonites Transfer Property Valued at \$4,500,000

SWIFT CURRENT, Sask. — (By Associated Press) — A deal has been nearly completed for the purchase of the entire holdings of the Old Colony Mennonites, south of here, by the Mennonites Land Sales Corporation, a syndicate of Florida capitalists, it became known today.

The holdings embrace an area of approximately 105,000 acres of farming lands. The Florida syndicate is headed by J. K. Logan of Jacksonville, and J. F. Taylor, of Tampa. The deal involves an amount in excess of \$4,500,000 it was said.

The Old Colony Mennonites have not yet decided where to go, according to one of their church leaders, who states that Florida, Mississippi, Mexico and South America are being considered. Four hundred families, approximately 2,000 persons, would be involved in the migration.

The exodus would probably include all the Old Colony Mennonites in Western Canada.

## ASSEMBLY PICKS MODERATOR

Rev. H. C. Swearingen Elected By Presbyterians

NAME STATED CLERK NEXT

Overtures Presented at Winona Lake Convention

WINONA LAKE, Ind. — (By Associated Press) — Consideration of the numerous overtures inaugurated by various presbyteries throughout the country was to begin today at the 133rd general assembly of the Presbyterian church in the United States.

Commissioners attending the assembly seemed the most interested in the overtures relating to the office of stated clerk, this being the highest position in the church outside of the office of moderator of the general assembly. Rev. Henry C. Swearingen, of St. Paul, Minn., was elected late yesterday to fill the latter office.

REPORT EXPECTED

Church leaders expected a report today from the assembly's executive commission dealing with the office of stated clerk, which was made vacant by the death of Dr. William Henry Roberts shortly after the general assembly last year.

Many overtures regarding this office have been presented, some proposing limitations of the term of office to five years. Others suggest that the office be left vacant for one year while a committee considers nominations which may be made at this session of the assembly. Adoption of the committee's report would be left to the 134th general assembly.

A large number of candidates is predicted for the office if the election is held this year and if it is decided to continue it as a permanent office without a five year limitation.

UNION PROPOSED

In addition to the overtures relating to the office of stated clerk, there are many others covering a range of subjects. Church union is dealt with in several overtures. One proposes a union of the Presbyterian and Reformed churches in the United States into an organization, to be known as the Presbyterian-Reformed churches in America.

Another overture attracting attention of the commissioners relates to the establishment of the eligibility of women to the eldership and deaconship in the Presbyterian churches.

Numerous committee reports, the usual assembly documents and annual reports of theological seminaries were referred today to appropriate committees. Chairmen of the standing committees were to be named today by Rev. Swearingen, the new moderator.

The commissioners and visitors to the general assembly were the guests at a reception last night, given at a Winona Lake hotel.

## 8 SUSPECTS HELD

Taken in Whiskey Holdup at Cincinnati—Liquor Recovered

CINCINNATI — (By United Press) — Eight suspects were held by police today as a result of yesterday's daring daylight holdup of a whiskey truck. The automobile containing 220 cases of whiskey, was taken from its guards, the chauffeur kidnapped and the machine driven away.

The next act in the modern thriller was staged when detectives Bell and Schaefer recovered the whiskey on the farm of Mrs. Sherry Fox at Fernside, Ohio, 12 miles east of Hamilton.

John Butler, 31, chauffeur, Cincinnati, and Fred Fench, 16, negro, was arrested. As the whiskey was being transported back to Cincinnati on the truck which was found abandoned in a ditch a touring car containing four men approached the ill-fated machine. They called to the driver to halt.

Detective Bell leaped from another machine which had been following the booze truck and with drawn revolver ordered the men to throw up their hands. They were arrested. A pistol was found in the quartet's machine.

Two negroes were arrested last night on suspicion.

The whiskey had been removed from a Cincinnati, Ky., warehouse which burned partly last week and was being sent to a wholesale drug firm in New York.

BOY HELD AS THIEF

Paul Sweeney, 14, of 146 1/2 S. Main-st., is being held at police headquarters for juvenile authorities, charged with stealing a quantity of merchandise.

## SEVENTEEN GRADUATE AT COLUMBUS GROVE

COLUMBUS GROVE. — Seventeen young people stopped from school life into life's school at annual commencement exercises held in Day's opera house, Wednesday evening. The class address was delivered by Vernon M. Reigel, Columbus, State Superintendent of public instruction.

Members of the class include Virgil Garner, Thomas Oard, Harold Stombaugh, Juanita Allen, Lillie and Winifred Basinger, Halce Bogart, Clela Cox, Letta Doty, Florence and Lucille Ehrman, Allice Killen, Alice Kissell, Mildred Pogue, Thyra Roberts, June Slagle and Pauline Stevens.

## DISARMING BILL MAY PASS TODAY

Senate Expected to Act On Borah's Measure

GREAT BRITAIN WATCHING

Japan Waiting for Washington and London Action

WASHINGTON — (By United Press) — Adoption of Senator Borah's proposal for a three-power conference on naval disarmament, as an amendment to the navy appropriations bill, was expected late today in the senate. The roll call is expected to show the senate almost unanimously in favor of Borah's plan, which simply empowers the president to invite to conference with this government, the governments of Great Britain and Japan, the purpose being to discuss a plan for a five year program of naval armament reduction.

"This is not a pacifist measure," said Borah. "It is for one thing, a practical means of economy, for our domestic affairs are concerned. In our foreign relations it is a step to put us in the leadership of a great movement for ending of wars. It will not interfere in the slightest degree for an adequate navy for this country. It is not intended to. I want a navy as big as we need, but if the only three principal naval powers can agree on reduction, we will not need as big a navy as we say in the naval race now going on."

BRITAIN WATCHING

LONDON — Great Britain today watched with keenest interest the progress of Senator Borah's disarmament proposal thru congress.

Surrounded on all sides by possibilities of war, Britain found it impossible to take the lead in reducing armaments although the official view is unqualifiedly in favor of the project.

Standing in the way of British initiative were:

Three million Europeans under arms with the prospect of more being called to the colors.

The French threat to call out additional classes for Ruhr duty.

The imminence of a Turkish nationalist attack on the Greeks in Asia Minor, if the Greeks do not act first.

JAPAN WAITING

WASHINGTON — Japan feels the initiation of a disarmament movement should rest with Great Britain or the United States and her government will not take the lead in such a step, it was learned in well-informed sources here today.

The Japanese government, it was said, is determined to have a navy strong enough to cope with the force which any enemy might concentrate in the Far East.

## MAN NEAR DEATH

Clem Dickman Claimed Victim of Bad Liquor

Three men were arrested by police Thursday night and early Friday morning, charged with drunkenness.

Two of the men, George Krulen, 31, of 12 Pearl-st., and John Mueller, 21, of 441 S. Main-st., paid fines of \$15 each when arraigned before Judge Emmett Jackson in criminal court Friday morning.

The third, Clem Dickman, 46, of N. Central-av., is in a critical condition at city prison, said by police to be suffering from the effects of bad liquor.

Two physicians were working with Dickman at the prison Friday morning. Police kept vigil over him prior to the arrival of the doctors, expecting his death at any time.

RECEIVES DEATH MESSAGE

Mrs. J. A. McCormick, E. North-st., received a message announcing the death of her brother, D. H. Grimes, Thursday, in Columbus. Death occurred at the home of J. H. Grimes, Columbus. For some years Mr. Grimes resided with his sister here and many friends will regret to learn of his death.

## LORAIN EXECUTIVE ACCUSED OF LIBEL

Bills Are Also Returned Against Five Policemen

CHARGED WITH BRIBERY

Law Declared to be Disregarded by Officers

LORAIN, O. — (By Associated Press) — Mayor William F. Grall of Lorain, was indicted by the special grand jury, which adjourned yesterday after investigating laxity in law-enforcement in Lorain. Grall is charged with criminal libel. The indictment grew out of charges that he made in his weekly newspaper, the Lorain Citizen, against Chief of Police A. A. King and Police Court Prosecutor A. C. Calhoun.

POLICEMEN INDICTED.

The grand jury also indicted five members of the Lorain police department on charges of bribery. They are:

Patrolmen Harry Stapleton, C. R. Meade, W. H. Johnson, E. E. Plice, and William Babcock. The patrolmen are charged with soliciting bribes from illicit liquor sellers for protection from arrest.

In its report the grand jury said that facts tend to show a general and open disregard for law and protection of illegal liquor sellers, gamblers, keepers of houses of ill fame and the underworld generally in Lorain. It also criticized members of the police department, charging them with being associates of and friendly to denizens of the underworld and "totally unfit to be connected with the police department."

OFFICIAL MISSING.

"From the evidence we find that vice conditions in the city of Lorain, which have improved of late, will not be fully corrected until there is a higher general standard of ethics in the police department," the grand jurors said in their report.

Another indictment was also returned against a former official in the administration of Mayor Grall. He has left the city. Sheriff Backus was to notify the indicted men to surrender today.

## LAWYERS BATTLE OVER GIRL'S AGE

Preliminary Skirmish to Murder Trial in Missouri

FARMINGTON, Mo. — (By United Press) — Letta Parsons, the "baby bride of the Ozarks," watched listlessly today while country lawyers battled over technicalities preliminary to her trial for murder.

The age of the girl-wife who is accused of slaying her six-year-old step-daughter, was the question over which the attorneys wrangled.

Prosecution attorneys attempted to show the girl was 18, while lawyers presented a tattered and torn family Bible to prove her contention that she was only 13. If she is 18, she would be tried in circuit court and if found guilty, would face a death sentence.

Otherwise, she would be tried in juvenile court and could be sentenced only until she is 21.

John Parsons, Jr., 10, the only witness to the shooting, who disputed Letta's story that the killing was an accident, showed no inclination today to waver from his first story, that Letta shot Lilly when the child would not stand still for the step-mother to comb her hair.

Letta said she was getting her gun to go squirrel hunting when it was accidentally discharged.

## BIG BERRY CROP

Freezes Didn't Bring General Fruit Shortage

WASHINGTON. — (By Associated Press) — Damage to fruit crops from freezes in some sections of the country has not resulted in a general shortage, the department of agriculture said today. Georgia peaches and California cherries are already flowing to the markets, while the strawberry crop was said to be abundant in several places.

A good crop of apples and peaches is expected in Colorado and an average yield in New England and New York. A fair yield of late apples is promised in New Jersey and Pennsylvania. Tennessee is looking forward to the largest blackberry crop on record, altho expecting a short apple and peach crop.

In Michigan only a light yield, except of winter apples and pears, is expected.

## MILITARY HONORS FOR MASTERPOLE

Body of Overseas Hero Buried in Woodlawn, Friday

KILLED IN BELGIUM IN 1918

Lodgemen and Ex-Service Men Pay Final Tribute

Wrapped in the starry folds of Old Glory, for which he fought and died on the battlefields of northern France, the casket containing the body of Sergeant Joseph Masterpole was placed in the grave at Woodlawn cemetery, Friday afternoon, with full military honors attending.

The body reached Lima Wednesday night and was taken to the home of his parents, Mr. and Mrs. Adrian Masterpole, 767 St. Metcalf-st. The flag accompanied the body here, being wrapped about the casket.

The casket was enclosed in a box of rough material and inside the casket was a metallic box, holding all that was left of the body.

Because of orders of the board of health, the casket was not opened upon arrival here, but faithful records kept by Uncle Sam of his boy across the sea, left no doubt as to the identity of Masterpole. A soldier escorted the body here.

The body was accompanied to Trinity M. E. church at two o'clock where services were held. Chaplain H. F. MacLane of the American Legion, Toledo, officiated at the services. Ex-service men were in the uniform of world war veterans.

**LODGEMEN ATTEND FUNERAL**

Lima Lodge of Moose, of which Masterpole was a member, performed a short burial service of the order at the grave. The American Insurance Union, of which he was also a member, attended the services in a body.

As a tribute of respect to Masterpole's father, the order of Christopher Columbus was largely represented at the services.

American Legion met the body at the church. At Woodlawn cemetery, where the body was laid to final rest, a squad of world war veterans fired three volleys over the grave of their departed comrade. "Taps" were sounded and all that was mortal of Sergeant Masterpole was given back to earth.

Masterpole had seen considerable army service. For three years he was with the cavalry stationed at Douglas, Arizona. He enlisted with Company C, Lima, and saw service on the Mexican border. He re-enlisted and was sent to school at San Antonio, Texas, in 1917. He was later returned to Montgomery, Ala., where the company was broken up and at the time of his death Masterpole was with Company L, 118th Infantry, Thirty-seventh division.

His promotion as sergeant was a reward for faithful service performed. According to his brother, August, who served with Masterpole at the time he was killed, Sergeant Masterpole was sent from the ranks to become a French interpreter. He was in action at the time he was killed. Machine guns of the enemy were leveled against Masterpole and his chest and stomach were lidded with bullets. He was in charge of a detail doing outpost duty in Belgium, at the time, his brother says.

**KILLED IN BELGIUM**

The body was temporarily buried in Belgium. Later, it was removed to a French cemetery, where the remains rested until they were disinterred, preparatory to shipment to the United States and thence to relatives here.

Masterpole's buddies were selected by Mrs. Claudia Masterpole, 821 W. Wayne-st, the widow, to carry the pall.

Surviving besides the widow and parents, are three brothers and two sisters. They are Henry Masterpole, now serving the government in Panama, Alfred Masterpole and August Masterpole, both residing at 767 St. Metcalf-st. Mrs. Ida Rubenell and Mrs. Margaret Tomasi, all of 767 St. Metcalf-st.

## DORIS HARPER ESTATE INVENTORIES \$1,251

Inventory and appraisal of the estate of the late Doris M. Harper, daughter of Mr. and Mrs. Maurice G. Harper, 318 N. Metcalf-st., amount to \$1,251.32, according to documents filed in probate court. All the money consist of stock which Harper owned.

Her father is administrator of her estate. Appraisers were C. P. Morris, Henry Seabers and A. E. Stacey.

## TROLLEY WIRE IS TORN DOWN

Traffic on City Lines Blocked by Accident in Square

A mass of overhead trolley wires in the center of the public square was torn down shortly after 1 o'clock Friday afternoon, when a trolley pole of a Western Ohio interurban car was jerked from the cable.

Police were called and a detail was busy during the early part of the afternoon in keeping pedestrians at a safe distance from the charged wires which were scattered over the ground.

Interurban and street car service was paralyzed, with no assurance as to when it would be resumed.

Wire men were on the scene shortly after the accident and started work of clearing the square, before starting work on putting up the wires.

Street cars and interurbans were lined up for three blocks on Main-st, each direction from the square. Tracks on E Market-st were crowded with cars and several were left standing on W. Market, just west of the square.

## PAUL KELLY'S BODY ARRIVES: FUNERAL TO BE ON SATURDAY

The body of Paul Kelly, son of Mr. and Mrs. John Kelly, 677 N. Elizabeth-st, who was killed in a railroad accident in Texas Saturday, reached Lima, Thursday afternoon and was taken to the home of his parents. Funeral services will be held Saturday at 9 o'clock at St. Rose Catholic church. Interment will be at Gethsemani.

## PRESIDENT HARDING TO SPEAK IN NEW YORK

WASHINGTON — President Harding has made definite plans to go to New York on the presidential yacht Mayflower. He will leave Washington late tomorrow and reach the Metropolis Monday morning.

The president will spend only one day in New York, leaving on the return stage Monday night. He will speak at a banquet to be given by the management of the New York Commercial and will review the 106th infantry regiment in Brooklyn. He also will deliver an address before the Academy of Sciences.

Mr. Harding will be accompanied on the voyage by Mrs. Harding, Senator Knox of Pennsylvania and a few other guests.

## E. THIRD-ST PAVING PETITION SOON READY

Property owners having frontage along E Third-st, east of St. John's-ave, are circulating a petition to be presented to council asking that the thoroughfare be paved this summer.

About 50 per cent of the owners of frontage have signed up for the improvement and others are reported to be willing to come in.

If legal requirements for putting the petition thru, can be met, it is to be presented at the next council meeting. A delegation of Third-st residents called at city hall Friday to secure information on how soon the work can be done, if ordered by council.

## BLAZE ON STEAMER IS INVESTIGATED

NEW YORK — Within an hour after the United States shipping board liner Panhandle State had been extinguished today, an official investigation was begun to determine the cause of the blaze.

The ship caught fire from a leaking oil fuel tank last night and was towed from her North River pier and beached off Ellis Island to prevent her total destruction. The damage was confined to the engine room.

The Panhandle State caught fire just after a strike-breaking crew of 300 had boarded her following desertion of her regular complement to join the marine walkout.

Twenty years ago Jessie Hall was released from a sanitarium and was taken to her home in Round Lake village, Saratoga-co, New York. According to humane society agents investigating her case she was immediately placed in a small room by her mother and sister and until recently was not allowed to leave that room. A short time ago the porch adjoining the room was caged off with heavy wire and she was allowed to spend some time on the porch. She is an heiress to a fortune of \$8,000. Her mother and sister live in adjoining rooms.

## BODIES OF ACCIDENT VICTIMS HERE TONIGHT

Bodies of John H. Rice and of his wife, Mrs. Rosa Rice, who were instantly killed at Scottsburg, Ind., Wednesday night, will arrive in Lima Friday at 6 15 p. m., over the Lake Erie & Western railroad.

The bodies will be removed to the Eckert mortuary. Funeral arrangements will be completed upon arrival of the bodies. Interment will be at Elida.

## LODGE NOTICES

Special communication of Lima Lodge No. 295, F & A. M., Saturday evening at 7 p. m. Work on Master Mason degree. Dinner at 6 p. m. Visiting brethren welcome. Wallace Landis, secretary; C. S. Lathrop, W. Master.

## WEATHERMAN TAKES OFF THE LID; RECORD HEAT FOR SEASON ON FRIDAY

No more can the pessimist suggest "Is it going to snow today?" or "When will summer ever come?"

For summer is not going to come. It's already here. From early in the morning until soon after the noon hour today the mercury ascended higher and higher, leaving no doubt but that the hot days are upon us.

At one p. m. the Solar refinery thermometer showed 90 degrees and at 12 o'clock noon it was one degree higher 91. The highest temperature Thursday reached 87 degrees.

And this is only May! What June will have in store for us, is now in line for the philosopher to discuss.

## OHIO BOY MADE VICE PRESIDENT SINCLAIR OIL

John R. Simpson, son of a Dayton minister and an Ohio boy, was made vice-president of Sinclair Consolidated Oil Corporation yesterday, says a dispatch.

President H. F. Sinclair of the Sinclair Consolidated Oil corporation was elected chairman of the board, and Earl W. Sinclair, his brother, was elected president. J. R. Simpson and A. C. Woodman were added to the list of vice presidents.

## GAS BLAST JARS N. & N. SHOP

Vulcanizing Plant Goes Up; Windows Shattered

Explosion of a gas vulcanizing plant at the N. & N. Tire Shop, owned by O'Brien Bros., 137 S. Elizabeth-st, at 12:30 Friday noon, considerably damaged the plant and the three-story brick building. Windows were broken on the first floor and the walls blackened.

Escaping gas is believed to be the cause of the explosion. The plant had just been started and the employees had stepped out of the building for a few minutes. When the explosion occurred there was nobody near the machine.

Apartments occupy the upper two floors and stores the ground floor. Eight families resided in the apartments.

Crow's gun shop and an electrical store also have quarters on the first floor. Window in the electrical shop and in the rear wall of the O'Brien shop were shattered.

## REV. TROUTMAN IS ACCORDED RECEPTION AND GROCERY SHOWER

Rev. Karl R. Troutman, new pastor of Immanuel's Lutheran church, was extended a reception by members and friends at the church, Thursday evening. C. J. Gruenbaum, secretary of the congregation, gave the welcome address. The Rev. Mr. Troutman responded in the form of a sermonette.

Refreshments were served in the church by the Ladies Aid society. The 150 members and friends presented each remembered their new pastor with a package of groceries, to supply the larder of the pastor's new home in Lima.

## HOLSTINE LEASES BLOCK OCCUPIED BY HIS STORE

Gus Holstine, proprietor of the Leader Store, has taken a 99-year lease on the property occupied by his store, N. Main-st. The property is leased from Emeline H. Decker. Rent for the property for the first five years is to be \$12,000 a year and for the next five years, \$14,000 a year. After that the lease calls for an annual rental of \$17,000 a year.

Manufacture of Nitro-Bacter, a new form of fertilizer, according to claims, is to be undertaken in Lima. J. C. Reilly, district manager for Allen and nearby counties stated Friday. Sale and distribution of the vaccine has already commenced in this territory. As the demand increases, a factory in Lima is to be established to supply cultures, it is stated.

## TIRED OF HIS WIFE

Don't miss the new novel which will start in The News Sunday, and which tells of the man who tired of his wife. It is by Lucile Van Slyke and is another of the fine novels, which run 10 days, The News is giving its readers.

BEGINNING SUNDAY

# Saturday Will be a Great Day in Our May Drive for Greater Sales

We know that truth is as vital in our advertising as in our spoken word. We know the people of the Lima shopping district have confidence in our advertised statements. We know we have always backed every advertised statement honestly, and to the letter. We know you—our customers appreciate it. We stand behind every piece of merchandise in this sale and you will get a square deal every time.

Our business has more than tripled in five years and we are determined to keep on progressing. We searched the markets of New York and Chicago for new, desirable merchandise that was to be had far below regular prices from makers hungry for ready cash. The result is that the best, most fashionable merchandise is to be had at Lima's Big Store at wonderful savings.

Whether you want apparel for yourself and family or furniture, rugs and furnishings for your home, you will do well to attend this harvest of bargains. For Saturday's selling we have hammered down prices all over the store—every department furnishes its quota. Come early in the day if possible. Telephone and mail orders carefully filled.

### May Sale of Women's Summer Frocks

Over 300 dresses to choose from, in new models, new materials and new colorings.

REMARKABLY LOW PRICES

Special at  
**\$3.98 & \$5.75**

Special at  
**\$5.75 & \$9.98**

**Frocks of Gingham**—that will give one cheerful, enduring service, despite repeated tubbings. Excellent quality gingham in small checks is the reason—assisted by two large, comfortable pockets and pretty revers on waist. The colors are Springlike—lavender, navy, Copenhagen blue, pink, black and green. Sizes 34 to 44.

**Voile Frocks** in dark and light colors that are very effective. Four panels on the skirt give it grace and the desired long lines, and the banding of organdie on the panels finds its complement in the daintiest of collars and vestees, setting off the dark color to advantage. Sizes 34 to 46.

Special at  
**\$12.75 & \$18.75**

Special at  
**\$24.75 & \$29.75**

**Organdie, Gingham and Voile Frocks** that look summery, yet are very serviceable and do not soil easily. Made with overtunic—waist and sleeves finished with dainty picot edge, and an embroidered vestee gives the necessary brightening touch. In navy, black and Copenhagen blue. Sizes 34 to 44.

**Organdie Frocks** that have achieved a deified vogue. Crisp, they are, and dainty—in long-line overtunic model with vestee and collar. The sort of frock that launders perfectly. In red, brown, pink, blue and lavender. Sizes 34 to 42.

## BOMB MYSTERY IS CLEARED UP

Member of Gang is Chicago  
Makes Confession

### SIX MEN ARE ARRESTED

Activities Traced Back to Many  
Explosions

CHICAGO—(By United Press)—Six men named as members of a labor union bombing ring in a "confession" by one of their gang were arrested here today. The alleged confession and arrests clear up mysterious bomb explosions which have marked Chicago's labor troubles for many years, Chief of Police Charles Fitzmorris believes.

The bombing gang was alleged to have been responsible for blasts in connection with political meetings and race troubles here during the last few months.

James Sweeney was named in the confession as the master bomber who was either directly involved or had intimate knowledge of nearly all bombing outrages committed in Chicago recently.

**VOLUNTARY CONFESSION**  
The confession was voluntarily made to Chief Fitzmorris by Andrew Kerr, a member of Local 412 of the Engineers' Union. He said he was prompted by a desire to clear up the reign of terror which menaced the city and which has resulted in the loss of many lives and injury to scores of persons.

He named a dozen men who were prominently identified with the bombings and told of incidents of blasts in which he played an active part. The amount of detail which he furnished convinced authorities he was telling the truth.

Besides Sweeney and Kerr, those already arrested are:

Albert Peterson, business agent for the Engineers' Union, alleged instigator of the bombing and slugging expeditions, according to Kerr. Harry Bartlett, known to the underworld as "Soup," safe cracker, partner for nitro glycerin, a bomber.

Thomas J. Corsican, another business agent for the Engineers' Union, named by Kerr as an instigator of violence.

C. H. Gibson, known to police as a dangerous anarchist, participant in bombings and sluggings.

Cornelius O'Shea, notorious labor leader, who is alleged to have aided Sweeney plant a bomb as late as Wednesday night.

Kerr described the sluggings alleged to have been committed by the gang during the laundry strike of last November. He referred to scores of scenes where non-union engineers working in laundries were plugged.

### CABARET SINGER NOW OPERA STAR

Miss Yvonne d'Arle  
Altho the cabarets are often the entrance to professional singing careers, it is seldom a cabaret girl attains the heights at which she aims. Miss Yvonne d'Arle, however, has done just that and her rise was meteoric. She but recently graduated from Broadway amusement "palaces" to the Metropolitan stage, where she promises to be among the first grand opera stars.

**NOVAK OUT HOP HOSPITAL.**  
John Novak, 47, injured when he endeavored to wrest a gun from an intruder who entered his home, Wednesday night, has recovered sufficiently to leave the City hospital, to which he was removed. Novak resided at Atlantic-ave and Lako-st.

#### SUGGESTIONS

**Ivory or Bone Handles**—Never allow handles of pearl, ivory or bone to stand, even for a moment in water. Neglect of this precaution tends to discolor and loosen the handles.

**A Little Nutmeg** Added to the white sauce of creamed fish gives a delicious flavor.

**By Washing and Scrubbing** Potatoes with a stiff brush, then paring them with one of the rustless steel

### SIGNED PLACED IN WAR MUSEUM CAR IN WHICH ARMISTICE WAS

Moving the "armistice car" into the courtyard of Les Invalides. Parked safely in the court yard of Les Invalides, the famous Parisian museum of military relics, is the dining car in which Marshal Foch, generalissimo of the allied armies, and representatives of the allied governments received the German armistice delegation to hear their plea and in which the armistice was signed. The car has just been moved to the museum.

### DELPHOS AND DAYTON TEAMS TO EXEMPLIFY WORK FOR K. C. CLASS

A class of 100 will be initiated by the Knights of Columbus at the K. of C. home Sunday. Three degrees of the order will be exemplified.

High mass will be celebrated at 9 a. m. Sunday morning, with the initiates and members attending in a body. The initiation proper will begin at 1 p. m. At 6:30 a dinner will be served, immediately after which a program of entertainment and speeches will be given. Ex-senator Robert E. Proctor, Elkhart, Ind., A. J. Woods, Dayton, and J. H. Goeke, Lima, will be among the speakers present.

The degree work will be put on by two teams from other cities. The first and second degrees will be administered by the Delphos team under the direction of B. L. Jauman, district deputy, and the third degree by District Deputy A. J. Woods, of Dayton and his staff. Part of the initiation work will be completed Friday evening.

Of the 100 candidates, 75 will be

from Lima and 25 from Ottawa. Over 400 visitors are expected to be present from other cities near here to witness the event.

## HOME HINTS

An economical way to settle coffee is by means of a pinch of salt. An egg is unnecessary in making the beverage if the salt is used.

If wearer like little sleeves to corset cover, cut waist sleeves off to desired length from shoulder; sew on lace edge.

Cake should never be kept in a bread box. Some old time housewives used to keep a piece of bread in the cake box with the idea that it kept the cake moist. It may make the cake moist, but it does so at the expense of the flavor of the cake.

Green corn, radishes, cucumbers and tomatoes should not be fed to children under six years of age.

If a corner is chipped off a gilt edged frame camouflage it with chewing gum. Gilt with gold paint.

## FREIGHT RATE CUT NOT NEAR

Railroads Must Reduce Expenses \$500,000,000 a Year First

RUNNING \$700,000,000 SHORT

Director Parmelee Talks on the General Situation

WASHINGTON — Railway operating expenses must be reduced nearly \$500,000,000 a year before the road managers can see their way clear to ask the interstate commerce commission for freight rate reductions, according to official opinion here.

"Probably no general rate reduction will be applied for until late summer or perhaps fall," said Director Parmelee of the Bureau of Railway Economics, here today.

"It will probably take several months to determine how much the railways can save on new coal and material contracts and see what economies result from the wage cut to be administered to the employees by the railway labor board.

"When the rates are reduced it should bring lower prices of commodities, or at least a general revival of business. In the end, will amount to the same thing."

The roads now, Director Parmelee emphasized, are running nearly \$700,000,000 a year short of the six percent net income on their investment guaranteed them by the transportation law. This is an estimate made on the basis of the fact that during the first three months of 1921, net earnings totalled by \$23,000,000, when they should have been \$200,000,000.

## S. S. CONVENTION IN PERRY-TP

Special Event Saturday and Sunday at Perry Chapel

F. C. Kattner, local representative of the Ohio State Sunday school association, will be the chief speaker at the Perry-tp Sunday school convention, to be held at Perry Chapel, Saturday evening and Sunday.

At the session on Saturday evening, when Kattner will speak, reports will be given by the home department, the teachers' training and visiting committee, of the schools. Officers of the Sunday school association of Allen-co will give departmental talks.

Music will be provided by Miss Mary Crabbe and the scripture reading will be by Miss Cledith Thomas. Report of the nominating committee will also be made.

A union Sunday school of 11 organizations in Perry-tp will be held Sunday at 9:15 o'clock, conducted by Roy Sidener. Music will be provided by Miss Marie Lones and there will be an address by a person widely interested in Sunday school work.

County officers, will be speakers at the session Sunday evening at 7:30 o'clock. N. E. Byers, dean of Bluffton college, will give an address on "Religious Education and Democracy." A song service will be a feature.

F. E. Shade is president and Miss Edna McPherson, secretary. The nominating committee consists of O. A. Rankin, William Logan, John Pierce, F. R. Fallor and G. B. McDowell.

## GIRL, "DOLLED UP" AT EXPENSE OF FATHER, TAKES FREE JOURNEY

COLUMBUS—Anna Lockie, 10 years old, was on the way to her home in Dennison today with her father, after a series of unusual adventures, including "beating" her way from Dennison to Columbus and completely illustrating juvenile authorities here for a time Wednesday.

Suddenly deciding, while on her way to school Wednesday, to supplement her education with travel, the little girl boarded a Pennsylvania train, told the conductor she had lost her ticket, arrived in Columbus to be picked up by travellers' aid attaches whom she told she was to be met here by her sister and taken to Toledo, and ended up in the hands of the juvenile court which finally unravelled her story and notified her parents of her adventure and whereabouts.

Before leaving Dennison, Anna went to a store and purchased an entire new outfit which she charged to her father, authorities here said. The father called for Anna late yesterday.

## MME. CURIE ARRIVES IN WASHINGTON CITY

WASHINGTON — Mme. Marie Curie, the eminent Polish scientist, came to Washington today from New York to receive from President Harding the gramme of radium which has been purchased for her by the women of America. The presentation is to take place at the White House at 4 o'clock this afternoon, Eastern Standard time. Mrs. Harding, Mrs. Hughes, wife of the secretary of state, Mme. Jusserand, wife of the French ambassador, and Princess Lubomirski, wife of the Polish minister, will assist in the presentation.

On her arrival at the Union Station, Mme. Curie was greeted by a committee which included Mrs. Robert Woods Bliss, Mrs. Marshall Field, Mrs. James W. Wadsworth, Jr., of New York; Mrs. Nicholas Longworth, Mrs. Charles D. Walcott and Mrs. Vernon Kellogg.

## Interviews-- Ideas and Fancies

IRENE MILLS JACKSON, Home Service division of the Red Cross: "We hear reports of ex-soldiers who feel that they are not receiving proper aid from the government, but somehow they never see to it that we get their names. There will be a special opportunity for these ex-soldiers to make their wants known on Friday afternoon and evening at the Chamber of Commerce rooms. Several of the division heads will be here. We are also ready to aid the men at any time."

W. B. MILLER, 417 W. Grand-ave: "Myself and the rest of the property owner on Grand-ave are very much interested in the plans for the paving of our street. The engineers are now making tests to determine whether it will be possible to tunnel for the sewer. We hope that this will be possible as we can then have our new pavement immediately."

ly and not have the street torn up for a couple of years."

J. W. HALPHILL, Attorney, Cincinnati block: "The late Chief Justice White was a thoroughgoing American and the head of his profession. He was loved by his colleagues and respected by everyone who knew him. One of his most noted traits was his benignity of demeanor when on the bench. He was never known to browbeat even the most inexperienced lawyer practicing before him. His place will be hard to fill, although there are several eminent men who are qualified. Taft is perhaps the favored one."

MINOR GRIFFITH, 1027 Holmes-ave: "I believe that the slacker lists should be published. In the community where everyone is known, it will be possible to clear those who are incorrectly listed. In fact it will be easier now than later when people have moved away and the full facts have been forgotten. The main idea in publishing the lists is to punish those who are slackers and to my mind this should be done while everybody remembers the deeds of those who did so."

R. E. OFFENHAUER, Principal Central High School: "We have found that the movies can be made

very helpful adjunct to our school work. We have a movie at noon for those who eat their lunch at the building and for those who care to return earlier than usual. Also, we use the pictures in connection with the science courses and the reading of the English classics. The eye is a better gateway into the mind than the ear and the movies help greatly in making clear many points that would otherwise be missed."

IRVIN RIDENOUR, Farmer, Perry-tp, R. F. D. No. 6: "All the farmers around here are too busy with their spring farming to pay much attention to world events. Right now we are putting in the corn crop. The weather this spring has not been of the best. We had too much rain early in the spring and are not having enough right now. The wheat and the oats are not as good as in other years and the ground now being prepared for planting is inclined to clod. However, we are going right ahead and not worrying."

## ARRESTED, DISMISSED

Ed Hogan, 18, of E. High-st, and James Korn, 14, of 355 E. Wayne-st, arrested by Officer Lawler at McCutlough park Thursday night, charged with disorderly conduct by fighting, were released by police Friday morning.

## HOME BREW HIT BY DR. WILEY

"Make Beer Scientifically, if at All," He Says

WASHINGTON — (By Associated Press)—Beer has not been recognized as a medicine by the medical profession in three or four decades. Dr. Harvey W. Wiley, pure food expert, told the house judiciary committee today at hearings on the Volstead bill to prevent sale of beer to the sick.

"There are no medical properties in beer, whatever may be said of it as a beverage," Dr. Wiley declared. "The nearest thing to it is malt extract, which is so made as practically to exclude even a trace of alcohol. I never saw a prescription which contained beer as a remedial agent. The man who drinks too much beer is apt to develop obesity, and obesity is recognized as a disease. It is better to be under normal weight than over."

"How about home brew?" Dr. Wiley was asked. "It's the poorest brew and the most dangerous in the world," he replied.

"If you are going to have beer, it ought to be made scientifically."

"How about home made liquor?" Chairman Volstead asked. "Well, to get that you must have a still. I see where they arrested a Harvard professor for making it, which shows that the low brow habit has been picked up by the high brows."

## RETURNED TO HOME

COLUMBUS—Levi Pete Ellis, 30 years old; "home-breaker," was ordered returned to the Sandusky soldiers and sailors home today.

Ellis, under sentence for arson, was arrested in Urbana, charged with wrecking the home of George Philby. He was returned here on a technical charge of violating his parole.

## CONVICT ESCAPES

COLUMBUS — Assurance that would soon be paroled did not help George Smith, negro, of Summit, in the penitentiary here where was serving one to fifteen years entering a building to steal. Signed to work on a stone quarry, walked away yesterday, it became known today. Smith escaped previously, in June, 1919. He returned on that occasion after being absent two days.

## WHIP MADE OHIO BAD MEN GOOD

Monsters Meted Out Rough Justice With Lash

HAD NO COURTS NOR LAWS

But Wrongdoers Were Severely, But Justly Handled

SPRINGFIELD — (By Associated Press) — How rude justice was meted out a century and a quarter ago in Cincinnati and elsewhere in what is now Ohio was related to the members of the Historical Society here by Professor Chester J. Atter, professor of history at Northwestern College, Evanston, Ill.

At that time, the frontier North-west Territory was just beginning to emerge from virtual anarchy into order. Of courts there were almost none.

It was not always convenient to go the long distance to the courts so then it was not certain even if you went there the judges and jurors would be there. Professor Atter said "As a consequence, a great deal of justice was improvised on the spot of the moment."

CHEN JO STRIPES

In Cincinnati in 1790 for instance a man lost a barrel of flour. He informed the first man that he met, and a search was started. They searched every house, as they left each house, they would take the householder along with them to the

next house, where search would be continued. This they did until there were 13 of them. The fourteenth man would not admit them, so they forced an entrance and found the barrel of flour under a bed.

The thirteen men then formed themselves into a court. They tied the culprit to a thorn tree, provided themselves with thirteen whips, with which each gave the thief three stripes, making the traditional forty less one. The flour was returned to the owner and the case considered settled.

THIEF TRIED BY COURT

"As late as 1798, there was the case of a Chillicothe man by the name of Brannon, who, aided by his wife, stole a great coat, shirt and handkerchief. They were pursued and brought before a body of their fellow citizens for trial. Samuel Smith was appointed judge. A jury was impaneled, and attorneys named for each side. The jury reported 'guilty.'

"The judge gave the man his choice of ten lashes on his bare back, or to sit on his pony, and let his wife lead it to every house in the village proclaiming 'This is Brannon, who stole a great coat, shirt and handkerchief.' Brannon chose the latter punishment, and it was duly executed, after which he and his wife left town.

STOLE INDIAN'S HORSE  
"There were many who said that sentiment against the Indians was such, that no jury would find a White man guilty of the murder of an Indian. To a certain extent this may have been true, but the facts in the various cases involving them seem to belie this conclusion.

"In 1798, for example, a certain Daniel McKean arrived in Cincinnati from New Jersey. Within a very short time, he was brought before the court for stealing a horse from

the Indians who had camped near the town. A jury found him guilty.

"He was sentenced to pay a fine of one dollar to the Indian concerned, when he returned the horse, and was to receive thirty-nine lashes on his bare back, to be inflicted in the most public streets in the town.

"All the while, the prisoner was to bear a placard bearing in large legible letters, the words 'I stole a horse from the Indians.'"

ACCOUNTANTS TO MEET

COLUMBUS — The state convention of the Ohio Society of Certified Public Accountants will open here tomorrow. Dr. J. E. Hagerty, of Ohio State University; E. A. Roden, Cincinnati; Joseph F. Raible, Chicago and others are scheduled to speak.

## COAL OIL TO DISPLACE GAS FOR MOTOR CARS

COLUMBUS — (By Associated Press) — Burners for the use of kerosene instead of gasoline in popular-priced automobiles are being tested by Professor William T. Magruder of the department of mechanical engineering at Ohio State University.

Professor Magruder expects to have these tests completed by June, and also his investigations of gasoline saving devices. Work on these two devices has been going on for years in the engineering experiment station at the University, with the end in view of operating motor cars at considerable less cost than now.

Kerosene, alcohol and fuel oil are

the future sources of motor car power, in Professor Magruder's opinion.

The Germans, he said, as early as 1912, used tar in their Diesel engines, and their use of fuel oil in submarines and motor trucks was one of their mainstays during the

New Treatment Gives Soothing, Cooling Comfort at Once.

To freshen, cool and comfort hot, tired, aching, swollen, aching feet. Just rub on a little Geeto Wormwood Balm. Instant relief. It penetrates at once (like a vanishing cream), and Oh! how cool and fine your feet will feel. Gives real, honest foot comfort, the kind you have been wishing for, and it is so easy and pleasant to use. Rub it in—that's all! It doesn't take a minute. Just the thing for a stinging, burning corn or burn and for aching, swollen, offensive-smelling feet. A package of Geeto Wormwood Balm costs little at any good drug store and will last for weeks. Avoid substitutes, look for the name "Geeto."—Adv.

## TWO BISHOPS ARE MURDERED

Papal Investigators Blame Turks For Many Cruelties

ESCAPED, TELLS HIS STORY

Twenty-Eight Sisters Killed in Cold Blood Near City

(BY EDWARD C. STRUTT)  
International News Service Staff Correspondent.

ROME — Turkish persecution of the Armenians continues on an appalling scale, with unimaginable cruelties according to Monsignor John Naslian, who is reporting the facts to the Pope.

It is understood that the Holy Father, after receiving Monsignor Naslian's report, will address a very energetic appeal to the Allied Powers and to the Government of the United States imploring them to save the Armenian nation from extinction.

Monsignor Naslian, who has miraculously escaped from the persecutions of the Turks, has arrived at Naples on a pilgrimage to the celebrated shrine of Our Lady of Pompeii, and is to travel to Rome shortly.

Interviewed immediately after he landed, Monsignor Naslian, a venerable white-headed prelate, frail and still suffering from the effects of his ordeal, gave some tragic details of the methods by which the Turks are systematically attempting to wipe the unhappy Armenians off the face of the earth.

He describes almost unbelievable instances of Ottoman cruelty. At Khodreiner a number of women, including quite young girls, were led to the edge of the precipice

overhanging a roaring torrent and told that they must renounce their religion or be pushed off the cliff. One after the other, after a short prayer, the women proclaiming aloud the name of Christ, hurled themselves bravely to a horrible death. Many hundreds were thus sacrificed in a few minutes.

Twenty-eight sisters suffered martyrdom at Trebizond. One of the victims was left for many hours dying in the street, and no one was allowed to help or comfort her. A very handsome young nun who had excited the bestial admiration of her persecutors, defended herself strenuously and finally had her face battered into a bleeding pulp with heavy stones. Six sisters of Marivan, sentenced to perpetual exile, were murdered in cold blood as soon as they passed the gates of the town, and fifteen sisters deported from Trebizond, after months of ill-treatment, were cut to pieces with axes in the mountain pass of Kerput.

**TORTURE LITTLE CHILDREN**  
Little boys and girls, even babies have been horribly tortured and crippled, their martyrdom lasting long hours for the delatation of the Turkish fiends. The Armenian priests were especially singled out for cruel and lingering deaths; among the victims are Fathers Anthony Saraidarian, Joseph Bartuni, Leonitus Ninassian, Vartan Bache-dion. The latter was murdered in the desert of Der-elzar by the Turkish Governor himself.

Monsignor Kaciadurian, the aged Bishop of Malatia, was forced to crawl on his hands and feet with a heavy pack saddle on his back and beaten unmercifully with sticks because he refused to imitate the braying of a donkey. When he collapsed, he was left to die.

lapsed the Turks lit a fire on his prostrate body and warmed their coffee.  
Monsignor Andrew Celebian, Bishop of Diarbekir, aged seventy, was

buried alive, only his head protruding at which the Turks amused themselves by flinging stones until the silvery head was a mass of blood and shattered bone.

## ELABORATE PLANS FOR CONVENTION

50,000 Members of Moose Lodge Expected at Gathering

HOTELS ALREADY SOLD OUT

Tented City Planned to Care For 7,000 Visitors

TOLEDO. (By Associated Press.)—The convention of the Moose lodge here from June 26 to July 3. Word has been received from nearly every yacht club on the Great Lakes that it will be represented in the regatta on the Maumee River on the night of June 28. It is planned to have the yachts and rigging illuminated in competition for \$3000 in prizes.

President Harding has been invited, as has been Senator Arthur Capper of Kansas, Governor Frank Lowden, Illinois; Governor Davis of Ohio, and James A. Davis, secretary of labor. Mr. Davis is the director general of the national Moose organization.

### THE TENTED CITY

In order to take care of the expected crowd of 50,000, Toledo hotels practically have been "sold out" for the week, managers report. For those who are unable to get hotel accommodations the convention directors plan to erect a tented city in Bayview Park on the Maumee Bay, the site of the Willard-Dempsey fight.

The tents will be water-tight, and laid on regular streets, and board walks will be built around the tented city. Arrangements will be made to care for 7000 in this manner.

One of the main business transactions of the convention will be the selection of another Mooseheart. The site will be made known on the last day of the gathering and present indications are that some city in the south will be chosen. The new colony will include a home for aged Moose, to be built, at an announced cost of \$1,000,000.

Delegations from Alabama, will dress as did members of the Klu Klux Klan, and will make the trip on horseback, it is said. Those from Florida will bring Simon Legree costumes along.

Reservations already have been made for delegations from Alaska, New Zealand, England, and Australia.

COL. JOHNSON, CHIEF OF STAFF FOR U. S. COMMANDER ON RHINE

One of the important figures in the occupied area in Germany is Col. Johnson of the U. S. forces of occupation, who is chief of staff to Gen. Allen, commander-in-chief of the American forces at Coblenz.

### OHIO'S WILDERNESS ALONG MUSKINGUM VALLEY SAYS MILLER

(By Associated Press.)—COLUMBUS.—Where are the wildest sections of Ohio?

John I. Miller, state superintendent of public works, knows now. He found out to answer an unusual request from W. H. Sheldon, Cleveland.

Sheldon wrote Miller asking him if he could furnish an itinerary for a two-week's walking trip that would take him into the wildest sections of the state, as far away from people and big cities as much as possible, and afford wild fruits and berries to live on.

Sheldon said he spent two weeks last summer hiking in the wild sections of Michigan, and the summer before that, exploring the untraveled parts of New York state. Here's the itinerary Miller recommended.

Start at Zanesville, and follow the Muskingum River south to McConelsville; strike across country to New Lexington thence to Lancaster, to Logan, to Chillicothe, to Jackson, to Athens, and to Marietta. The route will bring the traveler into 10 counties.

### KOREA IMPROVING UNDER JAPANESE RULE

VICTORIA, B. C.—Conditions in Korea are infinitely better since annexation than they were before the country was taken over by Japan. Dr. A. E. Hahn, of Philadelphia, 15 years dental surgeon to the former Emperor Eyi of Korea, declared today upon his arrival from the Far East.

"In the matter of education, Korea has taken a big step forward since the country was annexed by Japan," said Dr. Hahn. "Sanitary conditions are greatly improved and the people are better able to live."

### OHIO STADIUM TO COST MILLION AWARDED MEDAL

COLUMBUS.—(By Associated Press.)—The new stadium at Ohio State University, which will be built with \$1,000,000, raised by popular subscription, has been awarded the institute gold medal under the classification of public buildings, at the annual national convention of the American Institute of Architects, held recently at Washington.

The award will be made by the secretary of the institute to Professor Howard Dwight Smith, of the department of architecture at the University, who has been in charge of designing of the structure.

## TWO BISHOPS ARE MURDERED

Papal Investigators Blame Turks For Many Cruelties

ESCAPED, TELLS HIS STORY

Twenty-Eight Sisters Killed In Cold Blood Near City

(BY EDWARD C. STRUTT)  
International News Service Staff Correspondent.

ROME — Turkish persecution of the Armenians continues on an appalling scale, with unimaginable cruelties according to Monsignor John Naslian, who is reporting the facts to the Pope.

It is understood that the Holy Father, after receiving Monsignor Naslian's report, will address a very energetic appeal to the Allied Powers and to the Government of the United States imploring them to save the Armenian nation from extinction.

Monsignor Naslian, who has miraculously escaped from the persecutions of the Turks, has arrived at Naples on a pilgrimage to the celebrated shrine of Our Lady of Pompeii, and is to travel to Rome shortly.

Interviewed immediately after he landed, Monsignor Naslian, a venerable white-headed prelate, frail and still suffering from the effects of his ordeal, gave some tragic details of the methods by which the Turks are systematically attempting to wipe the unhappy Armenians off the face of the earth.

He describes almost unbelievable instances of Ottoman cruelty. At Khodrosner a number of women, including quite young girls, were led to the edge of the precipice

overhanging a roaring torrent and told that they must renounce their religion or be pushed off the cliff. One after the other, after a short prayer, the women proclaiming aloud the name of Christ, hurled themselves bravely to a horrible death. Many hundreds were thus sacrificed in a few minutes.

Twenty-eight sisters suffered martyrdom at Trebizond. One of the victims was left for many hours dying in the street, and no one was allowed to help or comfort her. A very handsome young nun who had excited the bestial admiration of her persecutors, defended herself strenuously and finally had her face battered into a bleeding pulp with heavy stones. Six sisters of Marzivan, sentenced to perpetual exile, were murdered in cold blood as soon as they passed the gates of the town, and fifteen sisters deported from Trebizond, after months of ill-treatment, were cut to pieces with axes in the mountain pass of Kerpint.

**TORTURE LITTLE CHILDREN**  
Little boys and girls, even babies have been horribly tortured, and crippled, their martyrdom lasting long hours for the delectation of the Turkish fiends. The Armenian priests were especially singled out for cruel and lingering deaths; among the victims are Fathers Anthony Saradarian, Joseph Bartunl, Leonius Ninassian, Vaitan Bachevian. The latter was murdered in the desert of Der-elzar by the Turkish Governor himself.

Monsignor Kaciadurion, the aged Bishop of Malatia, was forced to crawl on his hands and feet with a heavy pack saddle on his back and beaten unmercifully with sticks because he refused to mutate the baying of a dokey. When he collapsed, he was left to die.

lapped the Turks lit a fire on his prostrate body and warmed their coffee.

Monsignor Andrew Celebian, Bishop of Diarbekir, aged seventy, was

buried alive, only his head protruding at which the Turks amused themselves by flinging stones until the silvery head was a mass of blood and shattered bone.

**FRUIT ACIDS AND THE TEETH.**  
 Certain kinds of fruit such as apples, oranges, grapes, peaches, plums, grapefruit and cherries, contain acids of the organic group (not mineral acids). When eaten such fruits do not increase or produce acidity of any of the body fluids or of the blood. On the contrary, the acid fruits increase alkalinity or decrease acidity of the body fluids and are commonly prescribed for this purpose by physicians who have actual physiological knowledge. For example, lemon juice or lemonade or grapefruit invariably increases the alkalinity of the blood and decreases the acidity of the urine.

Sometimes the teeth are put on edge by these acid fruits. Is that injurious to the teeth? Is it wise to take an acid fruit as the final part of a meal, leaving the fruit acid in the mouth to act upon the teeth? Yes, it is wise. The acid reaction persists but a few moments in any case, for it is soon neutralized by the alkaline saliva poured out under the stimulus of the acid fruit. But for the few moments of mild acidity good work is being done by the fruit acid. It aids in the removal of sticky particles of food from the surfaces of the teeth and from the spaces between the teeth where food particles are likely to remain and undergo fermentation and other bacterial changes which lead to decay or caries—cavity.

Dr. William Rice, Dean of Tufts College Dental School, in a valuable article on "Dental Hygiene," in the "Mouth Hygiene" Number of the "Commonwealth," issued October, 1920, by the Massachusetts Department of Public Health, urges that the lunch which a school child carries to school or obtains at the school lunch room should always include an orange, an apple, or some similar tart fruit as dessert, in place of the cookies, jam or sweets so often used. I venture to add the suggestion that the fruit be added, not substituted for these latter items so dear to the heart and so essential to the health and growth of the school child. But the point Dr. Rice makes is that the acid fruit should top off the school lunch for the benefit of the child's teeth. And in my judgment it is an excellent point—in fact, I think the apple or the orange or the pear or the peach or the apricot or the plum or plum a much better tooth-cleansing agent than any toothbrush and dentifrice would be.

How to Banish Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered a Common Sense Remedy.

If you think that the surgeon's knife is the only method of escape from the misery of piles, it is because you have not heard of the new treatment known as Dr. Leonhardt's HEM-ROID. The doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went out and compounded a remedy that would remove the cause. Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay Thompson's 3 drug stores and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back. On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today—Adv.

## Class Vaporized Mineral Fume Bath

Science teaches us the human body is composed of two kinds of matter, organic and inorganic; neither will perform its proper function without the other. Life and health depend upon the presence of the materials.

When the body lacks these cell foods, the cells starve for want of proper nourishment. The lack of one or more of the tissue building elements is the cause of disease.

For the lack of water or fertilizing material a plant will droop, supply what is needed and the plant will revive and bloom again. The same is true of the human body.

The minerals used in THE CLASS VAPORIZED MINERAL FUME BATHS contain the principal mineral elements of the human body. These minerals are vaporized into such a form that the body readily absorbs them. When the body is enveloped in these vapors, it greedily takes up, through the pores of the skin, those elements which it needs. The formerly lacking materials, which the body absorbs from the vapors, are then carried by the blood to all parts of the system.

"The Blood is the Life." Normal blood, containing all the elements which nature intended it should, sufficiently nourishes the whole system, and carries away poison which has a tendency to lodge therein. Impoverished blood can neither nourish the body properly or carry away all the waste matter. Poison then lodges here and there in the human system, producing what we call diseases, which, in reality, are only symptoms of the one disease, Impoverished Blood.

Nature itself, is the only agent possessing the power to maintain health and THE CLASS VAPORIZED MINERAL FUME BATHS supply nature with the materials she needs in making the system function properly, enabling nature to make its own selections of the tissue building elements, thus the human body becomes its own physician.

Pain caused by disease is simply a cry of nature for materials in which she is deficient. THE CLASS VAPORIZED MINERAL FUME BATHS answer the cry.

These Baths are declared as effective as those at Mt. Clemens, Arkansas or other famous health resorts.

There is no danger of catching cold after taking these baths as pores are filled with minerals.

## JUST FOLKS—BY EDGAR A. GUEST

**DISAPPOINTMENT**  
 Had set his heart on a certain plan,  
 But as often occurs to every man,  
 The fates decreed it was not to be.  
 Now had this happened to you or me,  
 No doubt we'd have grumbled most dismally,  
 But this was all that we heard him say:  
 When out of his grasp flew the dream away.  
 "Well, of hopes, I've lost, that is just one more,  
 I've had disappointments like this before.  
 "I used to it? Rather I've learned the way  
 Life handles us all from day to day.  
 Why, when I was new at the game I thought  
 I ought to win every fight I fought;  
 And claim every pleasure my fancy sought;  
 But now when hopes I've cherished come tumbling down,  
 I waste no time on a sigh or frown,  
 I know how to act when a dream is over—  
 Disappointed? Well, I've been that before.  
 "I'm an old, old hand at the game today,  
 I know every trick which the fates can play,  
 And when plans don't work at I'd hoped they would,  
 I shrug my shoulders and just saw wood.  
 For it's all for the best when it's understood  
 Now I say, if it isn't my time to smile,  
 All right, old man, I can wait awhile,  
 You're wrong if you think you can make me sore,  
 I've known disappointment like this before."

## "JUST BECAUSE I READ AN AD!"

Mrs. J. D. Quilling Tells of Remarkable Experience With Syrola.

"I read it wonderful! Just because I read it in the paper. I'm feeling fine and dandy today, instead of suffering the tortures of indigestion as I used to!" Thus spoke Mrs. J. D. Quilling, 123 W. Grand-ave, Lima, Pa., in telling of her remarkable recovery from indigestion.

"I owe it all to this Syrola!" she continued, "and I'm telling all my friends about it. My food used to sour as soon as it reached my stomach, causing gas, belching and severe pains. At times headaches added to my misery. No matter how careful I was, my meals didn't agree with me. Many a night I'd roll and toss for hours before I could sleep, feeling completely played out in the morning."

"One day I read in the paper how Syrola was helping so many people who were troubled like me and I decided to get some Syrola right away. It acted just the same with me. My appetite perked up and I was surprised to note that my food digested right instead of causing distress. I'm feeling fine again and am extremely grateful to Syrola."

Syrola, the great new herbal tonic which is helping so many local people back to renewed health and happiness, is being specially explained at the Public Drug Store, 142 N. Main-st., also at Thompson's and the Interurban Drug Store.—Adv.

## Millions Use "Gets-It" For Corns

Stops Pain Instantly—Removes Corns Completely.

Everybody everywhere needs to know what millions of folks have already learned about "Gets-It," the guaranteed pain-

less corn and callus remover. Any corn, no matter how deep rooted, disappears quickly when "Gets-It" arrives. Wonderfully simple, yet simply wonderful, because all soreness stops with the first application. Get rid of your corn and wear shoes that fit. Big shoes simply make corns grow larger. Your money back if "Gets-It" fails. Insist on the genuine. Costs but a trifling over-where. Sold by E. Lawrence & Co., Chillicothe, Mo.

### To City Council

GENTLEMEN: I have no doubt that in the conduct of your own personal business, each and every one of you look ahead, contract expenses you know you can meet and no more. I believe each of you know what the inevitable outcome would be if you carried on your affairs in any other manner.

Believing this, I am at a loss to understand why you are running me in debt, piling up bond indebtedness at an alarming rate in many instances for what might be considered luxuries—at any rate things not essential now.

You know and I understand that every time you vote bonds they must be paid, principal and interest, out of money which should be used for operating expenses of my city. You must know that the deficiency now is great and that retrenchment must be made if we are to pass successfully thru the period of hard times Ohio cities are experiencing. The warning of the state industrial commission should have weight with you. That body, than which there is none better fitted to judge, advises you to go slow. It bought half of the deficiency bonds voted to carry on the city government, but my faithful auditor tells me that he does not know where he can sell the others.

You also know that the auditor was unable to secure a bid on almost a million dollars worth of special improvement bonds a few days ago, altho these bonds bear the maximum rate of interest—six per cent.

Knowing all these things, does it not appear to you to be good business sense to cut out the frills, get down to brass tacks and get along with as little expense as possible until you get my exchequer in better condition? Unless you do someone is going to ask for a receiver for my business some of these fine days

LIMA BEANE.

### To David L. Rupert

MY DEAR DAVE: On a previous occasion I referred to you in this column as the "watchdog of the treasury" in Lima and I notice that your method of procedure in the conduct of the affairs of my city in your department merits for you a continuation of that appellation.

I am pleased that you have used every effort to curb the recklessness of a money-spending council and I find the same sentiment is general among the people of my city. Even tho you have not attained a great amount of success by heaving ashes on the municipal money slide, my people are grateful to you for the effort you have put forth to step prodigious spending of public money when everybody is complaining now about high taxes.

LIMA BEANE.

### To Chief of Police Roush

DEAR JAKE: Just a little request for information this time: Are night patrolmen in the down-town district required in the discharge of their duty to spend a large part of their time leaning against a telephone pole chatting with acquaintances? I have seen a great deal of this recently.

LIMA BEANE

### To Women Voters

MY FRIENDS: Time was when the political bosses looked upon you with scorn. They belittled your efforts to secure the ballot and went to every extreme, in most cases, to prevent you having that privilege.

Now that you have the vote, they are changing their tactics. I am more than pleased to see that you are slow to be taken in by their overtures. I am certain that you realize that their interest in you, which started with the adoption of the constitutional amendment which gave you equal rights, is only in the hope that they may profit thru securing your votes.

Lima soon will pass under a system of government where politics is not supposed to play a part, but men are to be chosen, theoretically, for their merit. I am counting on you to help keep politics out of the new government for I know the old political leaders are laying their lines even now and will be pulling the wires for all they are worth in the election. Please remember that the success of the new venture depends to a great extent upon the non-partisan feature and be sure you support men because of their ability to give our city a business administration rather than because of their political influence

LIMA BEANE.

### To Service Director McClain

DEAR MAC: I appreciate the work you are doing on Wayne-st with your repair gang. They have filled up a number of holes in the pavement, but it will take them many a day to patch up that old pavement so it will be fit to run a machine over.

I have been thinking, Mac, that something should be done with W. North-st. The pavement, in places, is becoming very bad indeed and unless something is done one of the chief thoroughfares of my city will be as rough as Main-st. Will you please look after this matter?

LIMA BEANE.

### To Congressman Cable

MY DEAR JOHN: Washington advises inform me that you have presented a measure in Congress calling for the creation of an emergency board to pass on all emergency appropriations.

The thought struck me that perhaps it might be a good idea if you would hustle home for a few days and have put into effect a similar measure here, as a curb to council.

LIMA BEANE.

### To Theatre Managers

DEAR FRIENDS: I regret the necessity of again calling to your attention a source of annoyance to many of your patrons—including myself. Thoughtless and inconsiderate persons who have the habit of standing up in front of others an unnecessary length of time while going to or leaving a seat during the screening of a picture, thereby shutting off the view of those behind them, should in some manner be given to understand that others paid their money to see the picture and that they dislike such interference.

And then there's the "end seat" pest, who moves grudgingly when another seeks to find a place to sit down. The person who insists on continually bumping the back of the seat ahead of him with his knees is a source of annoyance who should gently but firmly be informed that such a thing is not proper or permissible.

LIMA BEANE.

### To the Men

DEAR BOYS: The time is near at hand when there'll have to be some decisions made relative to the personnel of candidates for positions as members of the new city commission, to take charge of the affairs of municipal Lima on January 1, 1922.

I want to give you a little tip. The women, now voters by the grace of a constitutional amendment, are watching you mighty closely. If you do not afford members of that sex an opportunity to stand as candidates for commissioner, you at least should consult them as to the men candidates you propose to put forward. By so doing, you may save yourselves a heap of trouble in the future. Better see to it that candidates acceptable to the women are placed in nomination. I do not believe that the women seek to direct, as much as they seek to aid. But don't forget that they are voters.

LIMA BEANE.

### To Bishop Schrembs

DEAR BISHOP: I sincerely regret that your sphere of activity is to be removed from the Toledo diocese of the Catholic church to that in Cleveland. Since you were honored with appointment as the first Bishop of this diocese and since your work has been attended with such splendid success, it is only natural that my people who are adherents of the Catholic faith will feel a deep seated sorrow that you will not again visit my city in your capacity as a Bishop, in charge of this territory.

You have won the admiration and respect of all classes of people. I sincerely trust that your successor may attain the same success that came to you.

## EUROPEAN PRODUCERS ARE ACTIVE

### Setting Pace For America In Better Pictures

By ESTHER WAGNER.  
THE National Board of Review, a strong force in the development of a taste for better pictures, presents this statement:  
"The American producer is treading on eggs. They are mostly of his own laying. The public has given him notice that it is tired of his mediocre pictures. The censor has raised a hue and cry over the alleged indecency of his pictures. His European competitors are showing him up by producing better pictures, such as 'The Cabinet of Dr. Caligari,' 'Passion' and 'Deception.'"  
"Even our most advertised artistic producers have not risen to the challenge to give us better pictures. The most notable American picture of recent date has come from the most lovable low-brow of the screen. For surely the only contemporary film that can hold up its head for comparison with the latest European examples is Charlie Chaplin's 'The Kid.' You cannot fail to recognize picture genius in 'The Kid.'"

"All Dolled Up"  
You may not be acquainted with little Miss Gladys Walton, but she's a person to know and enjoy, once you see her act in "All Dolled Up." She works after the manner of Olive Thomas, somewhat. This story is a sort of Sara Cruze affair. The little shop girl befriends the rich woman and, thru her impetuous act, wins happiness.

Not all at once, understand. There are about four reels of adventure before she discovers that the nice brown-eyed young man whom she had feared to be a prince, is really only a chauffeur and the nice brown-eyed chauffeur discovers that the little girl he has "fell for" so hard isn't really a millionaire, but only a little cashier in a department store.

"Some Kid" he says admiringly, just before the final clutch and fade-out. "Say, where did yuh learn to fight?"

"Grogan's Alley," says his little no-lady proudly.

"So did I!" exults her hero.

We hope we haven't given the plot away—for the picture won't be nearly so enjoyable if you know all about it beforehand. Go see it, tho, with the assurance that you'll see an interesting story, well acted and photographed. The kiddies will enjoy it too, and there's nothing that will make your thinker work overtime.

The Lyric offers "All Dolled Up" as its feature attraction today and until Sunday.

"The Cheater Reformed"

It's been a long time since we chatted about William Russell, hasn't it? Well—

He's here again, this time in a sort of preachment picture called "The Cheater Reformed." That title gives everything away, right from the start. And I don't like the role they've given Mr. Russell in this picture. He's so much nicer as a cowboy, wild and woolly.

The picture gives him a dual role, that of McCall, a well-thought-of actor in the small town of Maryville, and "Lefty" Jordan McCall, a crook, who are twin brothers.

In a train wreck, the minister is killed and Lefty is badly injured. Finding that his brother's friends end even his brother's wife think he is the Reverend Luther McCall, he keeps up the impersonation and gets along fairly well, thank you, until the villain, who covets Mrs. McCall, digs up his prison record. Things begin to look bad for Lefty.

But instead of leaving before things grow too hot to hold them, Lefty and his pal, Buster, stand by the ship till the battle blows over, emerging as church-going men, determined to live clean lives thereafter, no more safes to crack, etc. 'Twas ever thus, in the movies.

Mr. Russell is called upon to do varied kinds of work in this production and succeeds, to a certain degree, tho he isn't convincing as a minister. Miss Seena Owen, as Mrs. McCall, will impress herself upon your mind as being mildly emotional and tearful at all times. Sam DeGrasse is the villain who would wreck the happiness of her ladyship, but whose plans are foiled just in the nick of time.

The photography is good and the direction is all right. Otherwise—ho hum!—how warm the days are getting!

### ASSEMBLED AT RANDOM

Margaret Loomis

#### AT THE FAUROT

Final times today "Heliotrope," with Fred Burton and a competent cast. An interesting picture, well-photographed.

#### AT THE MAJESTIC

Marshall Neilan's great picture, "Go and Get It," with little Wesley (Freckles) Barry in an important role, is the feature attraction today at the Majestic theatre.

#### NOTES CLIPPED SHORT

Priscilla Dean has started work on "Conflict."

Alice Joyce has completed "The Scorpion Ring."

Anita Stewart's next will be "A Question of Honor."

St. Louis will have 38 "open-air" movies this summer.

Anna Q. Nilsson is vacationing in Sweden, London and Paris.

"Civilization," a spectacle which Thomas H. Ince produced several years ago, is to be reissued.

Molly Malone says her beautiful complexion is due to eating one raw carrot a day.

The next German film to be introduced in America is "The Hunchback and the Dancer."

"CARMEN" CUT  
Ohio movie censors at Columbus have ordered sweeping cuts in the German movie made from "Carmen," starring Pola Negri, and entitled "Gipsy Blood."

The bar all scene in the arena where the bull-fight is held. "Gipsy Blood" is by the same director who made "Passion" and "Deception."

Ralph Connor, author, assisted in the direction of "The Foreigner." The picture was made at Winnipeg, Can. The cast included Gaston Glass, Gladys Coburn, Wilton Lackaye, Kate Price, William Colvin and Bradley Baker.

BODIES ON WAY HOME  
COLUMBUS—Colonel Benson W. Hough and Lieutenant Colonel John M. Bingham went to New York today to assist in the routing of the bodies of Ohio soldiers which landed at Hoboken last night.

No definite information had been received at the adjutant general's office here regarding the number of Ohio men received, or to what organization they belonged.

"GO AND GET IT"  
All Star Cast  
also  
"Fighting Fate"—Episode No. 4.

Are leading men heroes to "their leading women?" This question has been asked of many a screen actress and Miss Loomis is a pretty leading woman who really ought to know about a lot of famous movie men.

Margaret Loomis, who has achieved an enviable reputation as a leading woman on the screen, thus gives some sidelights on the male stars she has played opposite:

"Playing opposite Wallace Reid is like a game of 'blind man's bluff.' One never knows exactly what to expect of 'Wallie.' Even the director is never quite sure what he is going to do next. He is one of the most perfect of screen lovers because he always tempers his love making with a spark of humor. He is easy to work with because he never doubts the ability of the persons with whom he is working."

"With Thomas Meighan, one must be constantly on the alert because 'Tommy' is. He takes his work easily, albeit somewhat seriously, and he is wise enough to know there must be no foolishness in his own particular brand of love-making. I have heard women in the audience become

inarticulate with admiration of 'Tommy's' manner of making love. It is a gift of which he is quite unconscious. He is just a natural, genial, lovable young Irishman with a thread of the gold of romance running clear and bright thru' his soul."  
"In 'The Sins of St. Anthony,' the only part I ever played with Bryant Washburn, he had the role of the absent-minded and studious lover. He is an ideal person with whom to work. He is always so anxious to get the viewpoint of the 'other fellow.' He is business-like, efficient, has infinite confidence in his director and co-workers and a sure intuition of how the public will react to his interpretation of his roles."

#### DID YOU KNOW THAT

Bessie Love is an exceptional water-color artist? That she is at present, a pupil in a Los Angeles art school?

Clara Kimball Young, besides once having been a musician, has composed several musical works?

Viola Dana is a toe dancer? Anna Q. Nilsson once was model for such famous artists as Penhryn tanlows, Harrison Fisher, George Dana Gibson and Howard Chandler Christy?

Rudolph Valentino is rightfully of the Italian George?

Larry Semon was the first to make a decorative art title in motion pictures?

Carmel Myers originally intended to be a newspaper writer?

#### CLARA SMITH HAMON

Clara Smith Hamon, acquitted of the murder of Jake Hamon, the oil man, hasn't had her name in print for some time. The latest concerning her, of course, was her attempted entry into films. Clara's future as a film star seemed about as prom-

ising as a week's rain on the Sahara. The newest is that Marion Fairfax's cameraman was offered \$500 a week to shoot the picture in which Clara would act—or try to. The cameraman's name is Guisart—and he refused the offer. Many publicity departments in Hollywood have been busy trying out copy telling how the film city "greeted" Clara!

# GROUP MEETING OF RED CROSS IS HELD HERE

**S.** PIRIT of the Red Cross was the welcome address delivered by Mrs. Irene Mills Jackson, Home Service secretary of the American Red Cross at the annual Spring conference of the North-western Ohio group of the American Red Cross in the Chamber of Commerce rooms, Friday at 10 a. m.

Several interesting addresses followed, including "Reorganization of the Red Cross and the Soldier Problem," by Dr. C. B. Cornell, director of the Post-War service, "Correlation of Work of All Agencies for Ex-Servicemen," Captain Rexford B. Shaffer, representative of the W. R. I. B. and "Hospital Service, Mental and Nervous Men, and Policy of Red Cross in Dealing with Mental Cases Needing Commitment to State Institution," Miss Pauline Peters.

Following the morning session a handsomely appointed 1 o'clock luncheon was enjoyed at the Elks home. The one long table filled

In celebration of the 7th birthday anniversary of her niece, Helen Parks Bussert, Mrs. E. W. Stump entertained at a pretty gathering at her home on S. Jameson-ave Thursday. Games and other amusements were presented through the afternoon after which the guests were invited into the dining room where a dainty lunch served by the hostess assisted by Mrs. P. C. Walker. Garden flowers adorned the table and appointments were in pink and green. Miss Helen was the recipient of a number of pretty gifts.

Guests included Margaret Steiner, Sarah Jane Fink, Florence Sonnenfeld, Ruth Jane Mericle, Evelyn Star, Margaret Walters, Evelyn Collins, Leah Johns, Audrey McGrief, Josephine Steiner, Jean Hill, Jean Alice McCartney, Paul Thomas Bussert, Billy Chaw and Charles Mericle.

### DAINTY OVERBLOUSE FOR SUMMER WEAR

(By ELAINE)

The separate skirt and the dainty blouse will make a strong bid for first place in the summer wardrobe. Of course, frocks will be popular, but the skirt and blouse or skirt and sweater combination will be seen upon all occasions. White skirts are to be very fashionable, particularly in silk and novelty sports fabrics. There is nothing prettier for summer days than the white skirt and blouse combination with a brilliant blouse or sweater to set it off.

There is a charming blouse of green silk. It is made in the overblouse style with kimono sleeves that are short and loose. The blouse is gathered onto a band at the neck which forms an unusual collar. A narrow sash belt ties at the waist as do the sweater belts. Embroidery in white trims the sleeves and neck and a very pretty and dainty little motif of lilies-of-the-valley is embroidered low on the front of the blouse. The green and white of the flowers carries out the color scheme of the green and white of the blouse and skirt and makes a very attractive summer outfit, for there is nothing as cool looking as green.

Mrs. Julia Daley and her brother, Joseph Coleman, were pleasantly surprised Thursday when a group of friends gathered at their new home on Robb-ave. An enjoyable evening ensued, cards being the diversion. At a late hour a delicious four course luncheon was served, the guests bringing well filled baskets.

Those present included Mr. and Mrs. Carl Hoyer, Mr. and Mrs. Anthony Lyons, Mr. and Mrs. J. F. Murphy, Mr. and Mrs. John Scully, Mr. and Mrs. Mathew Clancy, Mr. and Mrs. Daniel Murphy, Mrs. Mary Welch, Mrs. Mary Murphy, Misses Catherine Lyons, Nellie Maywhor and Mary Madeline O'Connell, Mrs. Daley and Mr. Coleman.

Peter A. Reynolds, N. Metcalf-at is on an extended visit in eastern Canada. He will attend the marriage of his sister Miss Rosa Reynolds, in Sterling, Ontario, Monday and will then enjoy a trip along the St. Lawrence river.

Mrs. Viola Young was hostess to the members of the Friendship club at the home of Mrs. Alice Sawmiller, N. Elizabeth-st., Thursday. Members responded to roll call with Biblical quotations. At the conclusion of a business session the afternoon was enjoyed in social chat and music after which a delicious two course lunch was served by the hostess assisted by Mrs. Sawmiller.

Next meeting will be held in two weeks at City Park.

Mrs. Shelby Mummaugh opened her home on W. Market-st. Thursday to the members of the N. W. club. Music and social chat were the diversions of the afternoon, after which a dainty repast was served by the hostess. Guests other than members included Mrs. C. H. Eckhardt, Mrs. Askew, Mrs. T. B. Kahle, Pittsburgh and Mrs. Fred Loescher.

Club will meet in a fortnight with Mrs. Harry Thomas.

Members of the Ladies' Social Circle of the U. C. T. enjoyed a dainty appointed 1 o'clock luncheon at the home of Mrs. Lee Copeland, Wood-lawn-ave Friday.

Small tables, adorned with pink roses and lavender sweetpeas, were effectively arranged thruout the rooms. Following luncheon, the afternoon hours were pleasantly whiled away in bridge.

Complimenting Mrs. Helen Hadsell, Mrs. William Metzger, W. Spring-st. entertained a small group of friends very informally at her home Thursday. The afternoon was enjoyed socially and at 5 o'clock the hostess served a dainty repast.

General Committee of the City Federation of Women's clubs will meet at the parish house of Christ Episcopal church, Saturday afternoon. All club presidents and delegates are specially urged to be present. All members of the federation are invited to attend.

Miss Nelle Bigley, W. Market-st. is in Pittsburgh where she will visit for several days with friends. She will then leave for a short visit in Altoona, after which she will go to New York City where she will be the guest of Mrs. Harold Seymour, formerly Miss Martha Andrews of this city.

East Side Community Sewing class met at the Lincoln Park House House Friday at 9 a. m. and continued their work until 4 p. m. The women are very enthusiastic and expect to accomplish much in their work.

Mrs. R. B. Tolan, W. Market-st. is the guest of relatives and friends in Cleveland.

### DELICIOUS DESSERTS

**Pineapple Cream Pie** — Beat the yolks of two eggs, add four tablespoons sugar and one and one-half glasses cold water. Add this slowly to two tablespoons cornstarch and boil until thick. Take off stove and add one cup grated pineapple. Put in baked crust with whites, beaten on top. Brown in oven.

**PIE CRUST** — One cup pastry flour, scant one-half cup shortening, scant one-half cup water. Rub together very lightly, add enough water to make dough hold together. Roll out thin on floured board.

**Bavarian Cream** — One envelope granulated gelatin, one-half cup of cold water, two cups milk, yolks of three eggs, one cup sugar, one pint whipped cream, one teaspoon vanilla. Soak gelatin in cold water five minutes. Make a custard of milk, eggs and sugar; add soaked gelatin and when mixture thickens add cream and vanilla. Turn into mold, first dipped in cold water and chill. Dip mold in hot water and cut around edge with knife, turn out on dish and serve with whipped cream or meringue made from egg white.

## USE ICED COFFEE

We are the greatest consumers of iced beverages in the world. We drink oceans of iced tea, but iced coffee is only beginning to come into its own.

Probably the best way to make iced coffee is to pour the brew, while it is piping hot, over cracked ice. For this method is necessary to brew coffee stronger than usual to make up for the dilution that results from the melting of the ice.

Brew a pot very strong, have a glass filled with crushed ice, pour in the coffee, wait until most of the ice melts and, if it is not sufficiently chilled, add more ice. Then put in sugar and cream to suit your taste.

### COFFEE SIRUP

A good coffee sirup, which will keep indefinitely and may be used for the basis of many delicious iced drinks, may be made with the following recipe:

Two quarts very strong coffee, 3 1-2 pounds sugar.

The coffee should be very strong as the sirup will be largely diluted. The proportion of a pound of coffee to 1 2-4 quarts of water will be found satisfactory.

This may be made by any favorite method, cleared and strained, combined with the sugar, brought to boiling point, and boiled for two or three minutes. It should be canned while boiling, in sterilized bottles. Fill them to overflowing and seal, as for grape juice or any other canned beverage.

Once you have your coffee sirup, there is no end to the delicious combinations in which it may play the star part.

Some tested recipes for such combinations will be given in the next issue.

### HINTS

**To Exterminate Dandelions** — Gasoline dropped into hearts of dandelion or burdock plants will kill same without injury to grass.

**To Wash a Corset** — Spread it in sink and one can use both hot and cold water. Scrub with soap and brush. When both sides are clean, turn on hot water to rinse, then cold water. Dry in sun and wind.

### GARDEN HINTS

After the soil has been prepared for your garden, use one or two boards when planting it.

Place boards across garden to form as straight a line as possible, and as you walk on them mark the soil with a stick along the edge. Sow seed carefully and cover.

**Tarnished Faucets** — A little lemon juice rubbed on tarnished faucets will easily and quickly brighten them.

**Steel Knives** — After the blades of steel knives are washed, scour with bath brick or emery board.

## ENGAGED GIRL IS MERCENARY

Is Thinking Too Much of Frilly Clothes

Advised Not to Marry; Her Selfishness is Pointed Out

"Peggy" Loses Beau and Wants Him Back Again; Better Forget Him

I AM a young woman 25 years old and am engaged to a splendid young man. He has asked me to marry him this summer, but I am undecided as to what to do as his salary is not as large as I would like.

WOULD certainly not advise you to marry the young man. Not because of his salary, but because of your selfishness which indicates that your love for him is not strong enough nor sincere enough to justify marriage. If he understands your reason for wishing to postpone the marriage, certainly he must feel hurt at your mercenary and uncalled for attitude.

Your fiancé, doubtless, has a very nice position and would be able to provide for you very comfortably and satisfactorily. Do not think that fine clothes are the only thing in life worth while. If you were wholly in love with this man, you would be only too anxious to prove your affection by sharing what he has and assisting him by a little self-denial and economy on your part. Your conception of marriage is wrong. Instead of thinking how much you can get out of it, rather think how much you can put into it. If you love this man as you should, you would be willing to "save and skimp," if necessary, in order to be with him and would be willing to sacrifice and do your utmost to cooperate with him and encourage him to accomplish greater things.

Dear Miss Smart: Will you be kind enough to give me a recipe for removing grass stain? MISS M. X.

Grass stain is easily removed. Rub on enough butter to cover them and then wash with ordinary soap and water. This will remove all traces of the stain and will not alter the color of the fabric.

Dear Miss Smart: I went with a boy for several months and he was very nice to me. All at once he stopped going with me and started to go with another girl. I do not know what made him do it and it makes me feel very badly. Can you please tell me what I can do? PEGGY

Forget him, Peggy. He grew tired of you and now it would be worse than useless to try to win him back. He is probably interested in someone else and it is beyond your power to control his affections.

Dear Miss Smart: Will you please tell me how to make ambrosia? YOUNG HOUSEWIFE

Six sweet oranges peeled and sliced (seeds and as much of the core as possible taken out), one pineapple peeled and sliced (the canned is equally good) and one large coconut, grated. Alternate the layers of the oranges and pineapple with grated coconut and sprinkle pulverized sugar over each layer.

For Moths — A few drops of your favorite perfume dropped on small pieces of pumice stone and laid among clothes will drive moths away and give a delicate odor to your garments.

To Make Cut Glass Sparkle — Wash it in warm soapsuds (never hot); use a brush; rinse in bluing water, then polish. The bluing water seems to make it sparkle like diamonds.

To Wash China — Don't use very hot water or much soap in washing china that has much gilt on it.

# SAM'L G. BLATTNER

229-231 SOUTH MAIN STREET

# "THE ORIOLE"

By BOOTH TARKINGTON

Returning home, after Florence had placed the shuttering news within his hand, Noble had changed his shoes and his tie.

When he left the house he walked rapidly downtown and toward the end of this one-mile journey he ran; but as he was then approaching him a station no one thought of when he entered the station for when he perceived the clerk he went to a bench and sat looking upward for more than ten minutes; then rose and went to a ticket window and asked for a ticket.

"What road?" the clerk inquired.

"All points south," said Noble.

He placed the time-table, still folded, in his pocket, rested an elbow on the brass apron of the window, and would have given himself up to reflections, though urged to move away. Several people, wishing to buy tickets had formed a line behind him and they perceived that Noble had nothing more to say to the clerk. The latter entered his protests and even went as far as to exclaim, "For heaven's sake! Can't you let these folk buy their tickets?" And since Noble still did not move: "My gosh, haven't you got no feet?"

"Feet? Oh, yes," said Noble gently.

"I'm going away." And went back to his seat.

Noble leaned upon the apron of the window waiting. The high, resonant room became clamorous with voices and with the mingling echoes of footsteps on the tiled floor, as passengers from the express hurried to the street, or more gaily struggled through, shouting to friends who came to greet them; and among these moving groups there walked a youthful fine lady noticeably oblivious to the dustiest eye. She was preceded by a brisk porter who carried two traveling-bags of a rich sort as well as a sack of implements for the game of golf; and she was warm in dark furs, against which the vasily slump of violets she wore showed gleamings of blue.

At sight of Noble Dill, more than pensive at the ticket window, she hesitated, then stopped and observed him.

"Noble!" she said.

He stared at her. His elbow sagged away from the window; the whole person of Noble Dill seemed near collapse. He shook and he had no

voice. "I just this minute got off the train," Julia said. "Are you going away somewhere?"

"No," he whispered; then obtained command of a huskiness somewhat greater in volume. "I'm just standing here."

"I told the porter to get me a taxi-cab," she said. "If you are going home for dinner I'll drop you at your house."

"I'm—I'm—" His articulation encountered insurmountable difficulties, but Julia had been with him through many such trials aforetime. She said briskly: "I'm awfully hungry and I want to go home. Come on—if you like."

He walked waveringly at her side through the station and followed her into the lim interior of the cab which became fragrant of violets—an emanation at once ineffable and poisonous. "Noble!" she cried. "Don't be so glum!" And she touched his arm with her muff, a fluffy contact causing within him a short convulsion, naturally invisible. "Noble, aren't you going to tell me what's all the news?"

"There's—some," he managed to inform her. "Some—some news."

"What is it?"

"It's—it's—"

"Never mind," she said soothingly. "Get your breath. I can wait. I hope nothings wrong in your family, Noble."

"No—oh, no."

"It isn't just my turning up unexpectedly that's upset you so, of course," she dared to say. "Naturally I know better than to think such a thing as that."

"Oh, Julia!" he said. "Oh, Julia!"

"What is it, Noble?"

"Noth—ing," he murmured, disjoining the word with a gulp.

"How odd you happened to be there at the station," she said; "just when my train came in! You're sure you weren't going away anywhere?"

"No, oh, no."

She was thoughtful, then laughed confidentially. "You're the only person in town that knows I'm home, Noble."

"I'm glad," he said, humbly.

She laughed again. "I can't call of a sudden—on an impulse. It's a little idiotic. I'll tell you about it, Noble. You see, ten or twelve days ago I

wrote the family a more or less indiscreet letter. That is, I told them something I wanted them to be discreet about, and of course, when I got to thinking it over, I knew they wouldn't. You see, I wrote them something I wanted them to keep a secret, but the more I thought about it the more I saw I'd better hurry back. Yesterday it got into my head that I'd better hop on the next train for home."

She paused, then added: "So I did! About ten or twelve days is long as anybody has a right to expect the Atwater family connection to keep the deadliest kind of secret, isn't it?" And as he did not respond she explained, modestly: "Of course it wasn't a very deadly secret; it was really about something of only the least importance."

This was so frightful an understatement that the jar of it restored Noble's voice to a startling loudness. "Only the least importance!" he shouted. "With a man named Crum!"

"What?" she cried.

"Crum!" Noble insisted. "That's exactly what it said his name was!"

"What said his name was?" asked Julia, excitedly.

"The North End Daily Oriole."

"What in heaven's name is that?"

"It's the children's paper, Herbert's and Florence's, your own niece and nephew, Julia! You don't mean you deny it, do you, Julia?"

She was in great confusion: "Do I deny what?"

"That his name is Crum!" Noble said passionately. "That his name is Crum and that he's a widower and he's been divorced and's got nobody knows how many children!"

Julia sought to collect herself. "I don't know what you're talking about," she said. "If you mean that I happened to meet a very charming man while I was away and that his name happened to be Crum, I don't know why I should go to the trouble of denying it. But if Mr. Crum has had the experiences you say he has it is certainly news to me! I think some one told me he was only twenty-six years old. He looked rather younger."

"You think some one told you?" Noble groaned. "Oh, Julia, Julia! And here it is, all down in black and white, in my pocket?"

"I haven't the slightest idea what

you're talking about." Julia's tone was cold and she drew herself up haughtily, tho' the gesture was ineffective, so far as Noble was concerned, in the darkness of the quivering interior. The quivering stopped just then, however, as the taxicab halted before her house.

"Will you come in with me a moment, please?" Julia said as she got out. "There are some things I want to ask you—and I'm sure papa hasn't come home from downtown yet. There's no light in the front part of the house."

"There's nobody at home at all," Julia said, thoughtfully.

"No. Nobody," her sad companion agreed, shaking his head. "Nobody at all, Julia. Nobody at all." Rousing himself he went back for the golf tools and with a lingering gentleness set them in a corner. Then, dumbly, he turned to go.

"Wait, please," said Julia. "I want to ask you a few things—especially about what you've got all down in black and white in your pocket."

"You can have dinner with me—if you want to—and stay till 10 o'clock—if you want to. Wait!" she said, and jumped up and ran out of the room.

To be concluded)

# A WIFE IN THE MAKING

By PHYLIS PHILLIPS

**SYNOPSIS**  
Edward Randall and Cherry, his bride, arrive at the home of his parents in Velleburg, a little village, where they intend making their home for a few months. Edward's sister Jane and his mother seem greatly pleased with their new relative, and Cherry herself, adores the big, spacious house and warm hospitality of the family. Her husband's small brother, Jack, seems as much pleased as the others and promises to show her all over the place. NOW READ ON.

## THE "BRIDAL SUITE"

Arm in arm, Edward and Cherry followed Mrs. Randall into the house, stopping at the entrance to admire the beauty of the crimson runners which grew in scented profusion all up one side of the porch. Cherry buried her nose deep into a mass of them, then turned to admire the rest of the flowers blooming at her feet.

"This is just the most beautiful garden, ever," she exclaimed delightedly to Mrs. Randall. "and I know that I shall be wonderfully happy living here with you and all these flowers. And such a homey, scrumptious house, too. You know, Mrs. Randall, I've been raised in the city and I've never had a chance to sit down in a garden like this very often. We all had to work at home and there were very few trips to the country, even in the summer."

"I'm glad you like us, my dear," responded Mrs. Randall, gently, "and I'm sure that we are going to love having you with us, too. But now let's go in and have some food. I'm sure you two young people must be starving after your long trip. Jane, tell Phoebe to put the breakfast on the table right away," she said, turning to her daughter.

Once inside the spacious house, Cherry exclaimed all over again at the invitingness of everything. The roomy hall, the sunny sitting room, which led one right out to the wide

veranda, with its long French windows opening to the full sweetness of the flowers without. On the other side of the entrance hall was the drawing room, a big room, and to Cherry's way of thinking, "not half so comfy as the other one. At one end of it was a large fireplace, and round the buff-colored walls hung stiff portraits of dead and gone Randalls, who looked serenely and solemnly down on the new bride, with almost a quizzical expression in their eyes. Here, the chairs were set stiffly in their places and a wide satin-covered couch seemed to argue against anyone ever being so rash as to try its smooth depths no matter what the circumstances. The sun only filtered in at the windows, which was another point against it, according to Cherry, and there were wax flowers under a glass case, which were more formidable than a row of German spears to her way of thinking.

Up the wide staircase Mrs. Randall led them, to the hall above, from which many doors opened, showing clean, cool, bedrooms beyond. At the end of the hall the lady of the manor threw open a door, and welcomed Cherry to her new room. "It used to be Edwards, my dear and I thought as long as he was so used to it and it was so large and pleasant he'd like to go on having it for you and himself."

It was a huge, sunny room, with four large windows. A hickory tree stretched its broad, green arms pro-

tectingly outside of the windows, as the extending its blessing to the bride.

"I just love this room, Mrs.—or —M—," said Cherry, stopping confusedly to wonder what she should call Mrs. Randall.

"Mother, please, dear, always mother. Just as much to you as to my Edward," said Mrs. Randall, patting Cherry's hand reassuringly. "I know it's all strange to you now, but you'll get used to it, and to your new mother, too, I hope, dear girl."

"Now I'll leave you to clean up a bit, then come down to breakfast and we'll get acquainted over Aunt Phoebe's hot biscuit and excellent coffee," Mrs. Randall admonished, as she whisked out of the room.

"It's sweet to have you share my old room, darling," said Edward, as he drew his wife into his arms and kissed her tenderly. "Welcome, welcome home, dear, many times." (To be continued.)

## SEEK LOOPHOLE IN BRIDGE TANGLE

Way is Not Decided to Get Elm-st Aid From County

### TWO PLANS ARE SUGGESTED

Solicitor and Prosecutor Tussle With Problem

Two loopholes thru which the county commissioners may find legal means to appropriate \$18,000 for the Elm-st bridge are under consideration by Solicitor H. E. Garling and Prosecutor Eugene Lippincott. Both plans appear to be sound and without flaws—so far—and the commissioners will probably make a choice between them.

First, it is proposed that the city complete the bridge, so far as can be done, but leave the matter of constructing approaches and paving the bridge to the county. No contract has ever been let for building approaches, or paving the bridge. The work will amount to considerably more than \$18,000.

ANOTHER PLAN PROPOSED  
Second, it is possible for the city to complete but one-half the bridge and let the county do the other half. This plan seems to meet with less favor than that of allowing the county to build approaches and pave the bridge.

"I see no reason why one of the two plans cannot be adopted," stated Solicitor Garling Friday, "but of course final decision will rest with the county. So many objections and objections have come up that it is hard to tell anything about it."

"We are willing to do most anything the county wants us to do to get the money," Service Director Elmer McClain said Friday. "The most sensible way seems to be to let the county advertise to let a contract on a portion of the structure."

WORK IS GOING ON  
In the meantime the work on the bridge goes merrily on, the Lima Construction company holding the tag. The city already owes that concern more than \$10,000 for work completed to date, and has no money to pay. Bonds issued to finance construction of the bridge cannot be sold while the county is anxious to pay the city \$18,000 under the last plan proposed, considerable time will be consumed in going thru the motions of letting a contract.

Commissioners were non-committal on the adoption of either suggestion, but promise to look into the matter.

JUSTICE COULD DEAD

## VICE-PRESIDENT'S WIFE REVIEWS GIRL SCOUT TROOPS AT WASHINGTON

Mrs. Calvin Coolidge, left, and Mrs. Charles R. Lindsay, Jr., reviewing the Girl Scouts on Monument park grounds at Washington.

Mrs. Calvin Coolidge, wife of Vice President Coolidge, is taking an active interest in the Girl Scout movement—as is Mrs. Harding. The photo shows Mrs. Coolidge reviewing "her girls" recently at Monument park, Washington. She is shown above with Mrs. Charles R. Lindsay, acting scout commissioner. The girls are carrying their patrol flags.

## DE FILIPPO HELD WITHOUT BAIL

Identified As Driver of Wall-St Death Wagon

JERSEY CITY, N. J. (By Associated Press) — Giuseppe De Filippo, charged with conspiracy to destroy the United States assay office in New York in connection with the Wall-st explosion last September, today was held without bail for a hearing on May 26, by United States Commissioner Charles E. Hendrickson.

De Filippo, who was identified yesterday by five persons as the driver of the wagon of explosives believed to have caused the disaster, was formally given into custody of the federal authorities today by Recorder William Cain, of Bayonne.

Asked by Commissioner Hendrickson if he desired to make a statement, De Filippo said:

"I know nothing of it. I never heard of the explosion. I don't know where Wall street is."

De Filippo was taken to the Hudson-co jail.

## FIVE MEN KILLED IN IRISH BATTLE

GALWAY, Ireland — (By Associated Press) — Sixty armed men battled a district inspector of constabulary and twenty policemen under him at Westport this morning. One constable was killed and one wounded, and four of the ambushing

party were killed and six wounded. The police attacked the ambushers' entrenched position and carried it. The men defending the position were routed and fled across country, pursued by the government force. Arms, ammunition and bombs were captured from the defeated party.

## JACKSON TELLS AD CLUB FACTS ABOUT NEW FORM OF LIMA GOVERNMENT

Intricacies of the city commission form of government were thoroughly analyzed by Attorney Walter S. Jackson, speaking before the Lima Advertising club at the Norval Hotel Thursday.

Contrary to usual opinion, Attorney Jackson stated that the man receiving the highest number of votes in November for city commission might not be the man chosen as mayor. The three high candidates of the five to be elected receive the four year terms. The two low men get terms of two years each. The commission elect one of their own number as mayor or chairman. Number of votes secured in the November election doesn't enter into the designation of a mayor.

Following committees were appointed by H. P. Dean, president, to look after work of the club.

Membership, R. E. Ashley, chairman, E. H. Kettler, J. L. Rose, glad hand; Morris Rosenbloom, Charley Gordon, chairman; publicity, Morris Rosenbloom, chairman, R. E. Ashley, Jack Roby, Booster; J. F. # FRANCE TO QUIT OIL MONOPOLY

Will Open Market to World on Equal Basis

YANKS ALREADY IN FIELD

American Plan to be Adopted—Gasoline Cut Planned

PARIS.—American oil companies are awaiting what has been interest in the petroleum industry, now before the Chamber of Deputies, which creates the French markets for all countries on an equal basis, for the first time since the war. It has been a government monopoly during that period.

The French government has promised that the measure will be effective June 1 and officials of American oil companies in Paris confidently expect the passage of the act. The adoption will mark the close of several years of intensive effort on the part of American companies to obtain permission to do business in France.

Several American oil companies have established offices in Paris and are making extensive plans for selling their products in France on the American plan.

The first plan which the American companies will put into effect is a

BUILDS STRENGTH AND ENERGY

Are You Worn Out and Tired at the End of the Day?

To feel young without having earned it, you work, throw the mind into disorder and confusion.

Too Weary to be Efficient

A hundred people describing their weary condition would each tell it differently. One says he feels "other is drowsy," the next "feels weak," others are irritable, moody, depressed, apathetic, as the case may be. To this great class of sufferers comes Reolo, one of the grandest reconstructive agents ever devised for definite accomplishment. It intensifies the activity of the vital processes, provides increased flesh, stimulates the production of red corpuscles, contributes to the defense of the system against depletion and consequent exhaustion and in many other ways restores the functional processes to make you feel that something has touched that one flickering light at the end of the tunnel. No amount of description can adequately convey the difference between the feeling of lack of energy and speed and the rebound, the freedom, the liberation from depressions that cause so many men and women to fall in their tracks, to go to sleep at the switch or stand still when the order is to go ahead. scheme to reduce the price of gasoline to the consumer.

The government thru its monopoly has sustained considerable losses and it has on hand at the present time an eight month's supply of oil which cost it 2,000,000,000 francs more than the present market price.

It is understood the American concerns will probably take over this stock and import American oil. The price of the oil will be averaged and the French consumer given the benefit of a reduction. The price of gasoline in France today is about 55 cents a gallon.

Statements have been made in the Chamber of Deputies to the effect that the consumer is paying one-third more for gasoline than under free trade, while the government is losing 15,000,000 francs monthly.

# DAVIS DISCUSSES OHIO SCHOOLS

Sees Need For Higher Priced School Teachers in State

COLUMBUS — (By Associated Press) — Governor Harry L. Davis, in an article written for the May issue of the Better Schools Bulletin, published by the state department of public instruction, points out three essential, in his opinion, to a successful, educational system—competent teachers, adequate salaries, and more than temporary tenure of office.

"In our schools and educational system generally," the governor writes, "one of our greatest problems to posterity is centered. It is in a large measure that the degree of preparation for the next succeeding generations to and in the progress of the world is determined."

"The teacher, connected with the public schools, are therefore of an importance a vital that they hardly can be overestimated. One of the most important duties we have to face is the improvement of the school system so that every child in the state is assured, as a fundamental right, of a complete, comprehensive and well directed education so

that when it arrives at adult age, it is fully prepared to take up the work that awaits.

"Of necessity, there must be an equal opportunity for educational equipment, whether the child lives in the city or in a rural township. Much remains to be done to make this an accomplished fact.

"It goes without saying, that no educational system can be successful unless those most immediately charged with the work—the teachers—are well paid, so that it is made attractive for the highest type of instructors; are sufficient in number to assure thoroughness of instruction; and finally, and not least important, are safeguarded by more than merely a temporary tenure of office.

# BIG INCREASE IN STRENGTH OF AGED WARREN CITIZEN

Declares his system responded to Drecto treatment and he is greatly improved.

"I'm 76 years old and can't expect to feel like '20 but nevertheless I got discouraged when my stomach and kidneys went back on me," said Mr. Theodore Little, who lives on R. R. No. 6, Warren, Ohio. "My appetite was poor and what little I ate caused trouble, my liver was sluggish making me dizzy and bilious and my bowels were always constipated."

"I hardly knew what it was to get a good night's rest and became very nervous. My back ached so I could hardly stoop over and I commenced to think that I was about worn out. I had tried many things but none of them seemed to bring back my strength. Then I tried Drecto and to say that I was surprised at the result is not half expressing it. Despite my age, my system responded wonderfully within a very short time and I am now feeling remarkably well. I'll say anyone who needs his system built up thoroughly had better try Drecto, for it is wonderful what it can do for you."

Drecto is a safe, sure harmless remedy made from Nature's roots, herbs, barks and leaves which encourages a more healthy kidney action, regulates the bowels, builds vitality, acts on the digestive organs and arouses a sluggish liver to compete action.

Drecto is being specially introduced by Baldwin's Central Drug Store in Lima and sold by all druggists.—Adv.

## BOOST IN PHONE RATES DENIED

Ohio Public Utilities Commission Passes on Request

## FAR-REACHING EFFECT SEEN

Decides Merger Case Coming Up From Hillsboro

COLUMBUS.—(By Associated Press.)—Telephone companies merging for the purpose of eliminating competition and unifying service will not be permitted to increase rates until the merger has been fully completed and the service between the state public utilities merged. The state public utilities commission ruled today in denying the Hillsboro Telephone Company's request to increase rates after acquiring the properties of Hillsboro and the Central Union company in Hillsboro and vicinity.

The commission's order is construed here to be of far-reaching importance in view of the general merger of telephone properties now in process in the state and nation.

**BOOST NOT JUSTIFIED.**

In making the order, the commission declares there is of necessity a period of transition where a merger of properties is made, "during which the service furnished the public will be unsatisfactory" and that, therefore, "there cannot be imposed upon the public either the initial capital expense of the reconstruction of the abnormal operating expenses occasioned by the owners' project of combining investments."

The commission actually found the service at Hillsboro and vicinity had been bettered. It held that no evidence had been submitted showing that the expense of maintenance and operation under the merger was such as to justify an increase, in rates.

**VITAL POINTS.**

The vital points in the commission's order are contained in the following:

"The commission being fully advised that the merger of telephone properties is accomplished, there will of necessity be a period of transition during which the service furnished the public will be unsatisfactory; and,

"That there cannot be imposed upon the public either the initial capital expense of the reconstruction or the abnormal operating expenses occasioned by the owners' prospect of combining investments; and

"That the commission fixing the original rates, charges, tolls and rentals for a telephone merger will not impose upon the public the burden of uneconomical operation and reconstruction, but does and herein has granted the Highland Telephone Company such rates, charges, tolls and rentals as, with ordinary administration of the property will save the owners from actual loss pending the completion of the work of reconstruction and unification and the inauguration of economical operation, and until the beneficial results of the merger will accrue to the owners."

The merger of the companies in question was accomplished about two years ago, at which time increased rates were allowed. The application dismissed today, was supplemental to the former, asking for additional increases.

Points served by the Highland County Telephone Company are Hillsboro, Danville, Belfast, Rainesboro and Marshall.

The Elvira Telephone Company was authorized by the commission to purchase the properties of the North Ridgville Telephone Company for \$1,950.

for people of taste

Test Kingnut on waffles

YOU can use Kingnut without stint, yet it makes a big reduction in your housekeeping expenses. Doughs and batters are better for it, but its fine flavor comes out best when spread thick upon hot biscuits and griddle cakes. It's the fine flavor of Kingnut—made of pure vegetable oils—that you remember.

## PEARLS FOR GRADUATION

A strand of pearls is one of the most adaptable pieces of jewelry you could give the Sweet Girl Graduate. Pearls seem to have the unusual quality of emphasizing the beauty of an evening gown, at the same time borrowing from its beauty for themselves. This holds true whether worn with vivid colors or subdued shades. The assortment we show contains long and short strands of all sizes, wonderful values . . . . . \$3.00 UP

AN OXFORD FOR MEN WHO MUST WEAR A COMFORT SHOE

This oxford is the best of its kind that has ever been made. It is a combination last, which means that the toe construction is wide while the heel is narrow. The narrow heel is wide at the bottom and narrow at the top near the ankle. So accurate is the fitting that this oxford could be worn without lacing and the heel would not slip out. The fit around the throat is close and gives a bracing effect. All features without rubber heels \$9.00

# INTERNATIONAL GOLF TOURNEY STARTS MONDAY

## AMERICAN TEAMS TO PLAY BRITISH IN OPENING GAMES

HOYLAKE, England.—American and British golf teams will meet here tomorrow for a match preliminary to the British amateur championship tournament, which will begin on Monday, and the admission is generally made that the day will see British golf subjected to one of the severest tests in its history.

While expressing belief that the British players will "just pull thru" experts here are not over-confident and express the opinion that weather conditions will prove a big factor in determining the results.

Should heavy rains fall, the match will develop into a putting contest, for the greens of the Hoylake course vary greatly in pace. Some are rough, while others are "glassy."

The game which is arousing keenest interest in that between Charles Evans Jr., of Chicago and Cyril Topley, of Oxford. Despite reports to the contrary, Evans has been playing extremely well of late.

LONDON.—Chuck Evans and Bobby Jones, main hopes of the Americans in the amateur golf championships starting at Hoylake Monday are showing brilliant form.

Tom Armour, French champion, and Harold Hilton, former British title holder, fell before the Americans yesterday who beat them 2 up and 1 to play.

The game was even until the 15th tee was reached, when the Americans got started. They won the 15th, halved the 16th and won the 17th hole in three.

## RUTH STRUCK OUT BY A RECRUIT

CHICAGO.—Another of the recruit pitchers secured by Manager Gleason of the White Sox to fill the gap caused by the 1919 world's series baseball scandal passed his first severe test yesterday with flying colors.

After two other recruits had been driven from the mound by New York American slugger, Jonbert Lum Dorenport, of Tucson, Ariz., went in in the fifth inning and struck out Babe Ruth, the second man up. Babe took a mighty swing at the third strike, a fast ball inside, and missed by a foot.

## INELIGIBLE PLAYERS WRECK CENTRAL HI BASEBALL TEAMS

By BILL CUNNINGHAM

Ineligibility laws have wrecked Central Hi's chances of winning their inter-class baseball games against South Hi. The four classes of both schools have played their first round this week and all Central teams except the Juniors have been walloped unmercifully.

Every pitcher and catcher in the four Central teams has been declared ineligible in the past week due to last semester's grades. Other valuable players on all teams have also been declared ineligible and have been unable to play.

The South has excellent baseball material and have formed three good class teams, the inter-class battles have not been a fair judge of the baseball playing in the two schools. South players have stated that they were disappointed in the fate of Central as they wanted to play the best men Central had.

When the two Freshman teams met at Central, Wednesday night, seven Central men were declared ineligible, including two catchers and a star pitcher. South easily won the game, 10-3.

### SOPHOMORES STRONG

The Central Juniors played the South Juniors on the same night at South and won, without their regular battery which was ineligible, 15-4. The Sophomores have the best team at Central and won the Central inter-class championship.

Thursday night the Seniors and the Sophomores of the two schools played. The Senior battery was declared ineligible Thursday morning and the South Seniors won. This was a hard fought battle, Central using three pitchers in an attempt to stop the South players. Central led by two runs when the last inning started but South ran in five runs. The Central sophomores, playing at South, were walloped by the score of 40-12. Seven Sophomores were declared ineligible before the game started.

### IT'S TOO LATE

The class teams will play the second round of the series next week and South will probably repeat the slaughter as the ineligibility is based on last semester's grades and can not be made up. Central will make a desperate effort to recruit some new players before the games open, but it is doubted if enough eligible players will be found to step up the holes.

The inter-group Central baseball series has reached the final group 4 and 6 lost to group 1 at the 8th grade, 8-0, making group 4 the champions of the 8th grade. Groups 4 and 6 defeated group 5 and 2, 10-7, making them the champions of the Seventh grade. The championship of Junior High will be determined by a battle between the two winners in the next future.

## WHO'LL WIN

PITTSBURG.—Joe Coughlin, former heavy weight, "It's a toss up. I can see an advantage for either man. Both Carpenter and Dempsey are punchers. The Frenchman is faster and will swing twice to the champion's once. Either man carries the power to stop the bout with a single blow. The longer the battle goes the better the Frenchman's chances. Carpenter is not as clever as claimed. He is simply speedy. If the contest develops simply into a question of gameness Dempsey should win. Carpenter has

## FASTER CARS ENTERED IN BIG RACE

INDIANAPOLIS.—The ninth annual 500-mile sweepstakes promises to be the fastest race ever run on the Indianapolis Motor Speedway.

All former winners of the classic from Ray Harroun, of 1911, to Louis Chevrolet, last year's victor, have declared this year's entries are the speediest cars ever assembled for the event.

Experts have agreed that there are from 11 to 15 cars this year capable of improving upon the speed of DePalma's Bahio, easily the fastest car in the race last year.

The predictions for broken speed records are made with the proviso, of course, that the sun does not burn up the tracks on May 30.

## BABE ADAMS NOW 39, BUT GOOD AS EVER

By HENRY L. FARRELL  
(United Press Staff Correspondent)

NEW YORK.—Babe Adams went out yesterday and won a ball game from Brooklyn. Babe has been winning ball games for many, many years, and that's the story.

The veteran of the Pittsburgh hurling staff has just celebrated his 39th birthday when he was called on to work.

"The old arm is still good. He showed as much stuff as he ever had," George Gibson, his team-mate of 1909, now his manager, said today.

Babe is an example for those who aspire to be fit at 40.

He came up to the big time in 1908 and became a hero deluxe in the 1909 world's series. He kept going until 1917 when he was voted "thru" after eight years' hard campaigning and was sent to the minors. Two years on small time were enough for Babe and he came back to the Pirates in 1919. He is still there and he hasn't thought of quitting. He is the only active player left of the old 1909 champions.

"I feel as good as I ever did," Babe said here today, and he looks not a day over 20.

It was impossible to get the veteran to talk about himself. He's all full of enthusiasm about the Pirates.

### TELLS 'EM THAT

"We're not claiming the pennant, but we'll tell them all that we are going to have something to say about it," he said.

"The Pirates at present are the sensation of the National League. Eastern critics see a worthy rival of the Giants in the 'Smoketown' band."

"Rabbit Maraville changed the whole club," Adams said. "We had good pitching last year, but we

should have won at least 20 more games. A lot of close games went thru shortstop. The Rabbit has now plugged that role.

### HAVE REAL CLUB

"We have good pitching this year and the infield is second to none. Grimm is as good a first baseman as there is in the league and Tierney is a wonder. Yes, we have a real ball club."

"However, I've been in the game too long to get over-confident or to claim pennants. It's a long way to October and a few accidents can break any club to pieces."

## GOOD ANYWAY

CLEVELAND.—Cleveland won from Philadelphia Thursday, 4 to 3. Gardner's single in the eleventh inning sending in the winning run. Philadelphia scored its runs on clean hitting while the Indians' first two resulted from two passes, two errors and a sacrifice fly. Score: Cleveland 4, Philadelphia 3.

Errors—Brazill, Perkins 2, Dykes. Two Base Hits—Perkins 2, C. Walker, Galloway, Speaker, Smith. Three Base Hits—Witt, Johnston. Sacrifices—O'Neill 2, Stephenson, Speaker. Double Plays—Dykes, Galloway and Johnston; Sewell, Stephenson and Johnston. Left on Bases—Philadelphia.

NEW YORK.—Mike Gibbons of St. Paul will face Italian Joe Gans in a 15 round bout in Brooklyn tonight. It will be Gibbons' fourth bout since he returned to the ring.

## KING ETAWAH IS CLASSY RACER

LEXINGTON, Ky.—The impressive showing made by King Etawah, a two year old brown colt, and Lady Drifton, a five year old brown mare, featured the first record meeting of the Kentucky Trotting Horse Breeders' Association here yesterday.

King Etawah by Etawah out of Princess Helen, owned by David M. Look, of New York City, circled the mile oval in 2:15 1-4. Lady Drifton, by Morgan Axworthy out of Drifton, made the mile in 2:12 1-4. She is owned by Mike Bowerman of Lexington. Ben F. White handled the rains over the colt while the owner drove the mare.

Eleven trotters were sent around the track in an effort to beat 2:30 1-4, for the mile. All succeeded. Nineteen were scheduled to go to the post, but the illness of W. J. Andrews, who was to have handled the reins over six animals from the Pastime stable of Cleveland and two other trotters, prevented him from driving two.

Six of the starters were from the stable of Ben F. White. King Etawah is a full brother to Princess Etawah, 2:09 1-4, winner of the Junior Kentucky Futurity in 1918.

## SELECTION OF REFEREE IS AWAITED

NEW YORK.—Interest in the coming championship battle between Jack Dempsey and Georges Carpentier, now that both are settled in their permanent training camps, is turning to the selection of referee.

Owing to the international aspect of the contest and the presence of a foreign title holder as one of the principals, the third man in the ring will be a factor of exceptional importance.

In the original contract signed by Dempsey and Carpentier there was included a list of six prominent boxing authorities from which the referee was to be selected, with certain provisions in case all parties were unable to agree.

The shifting of the scene of the contest to the state of New Jersey tends to bring this clause of the contract into conflict with the New Jersey boxing rules, which state emphatically that the referee of a bout held there shall be named by the boxing commission of that state.

## KIWANIANS LOSE TO LIONS IN LIVELY GAME, 16 TO 11

The Lions' baseball team spilled the dope in the Business League Thursday afternoon when they trounced the Kiwanians club by the score of 16 to 11.

Errors on the part of the outfield players were largely responsible for the Kiwanians' defeat.

Detrick, of Central Hi, pitching for the Kiwanis club, hurled a good game up until the third inning when the Lions got by and brought in three runs.

Cunningham, pitching for the Lions, was easily the star of the game. He held opposing batters to eight scattered hits, and brought in four runs in four times at bat.

Herrett brought in the largest number of runs for the Kiwanis team. He was up to bat four times, and scored three runs. He is also credited with five put-outs. While running for Goodrich in the sixth inning, he brought in another run.

## WATCHING THE SCOREBOARD

YESTERDAY'S HERO—Ty Cobb. The manager of the Tigers has a home run in the fifth inning, beating the Boston Red Sox 3 to 2.

Jim York, who was tossing his grenades some time back with the Third division, threw a lot of bombs among the Giants, the Cubs won 5 to 3.

Gardner's single in the 11th inning drove in the run that gave the Indians a 4 to 3 victory over Athletics.

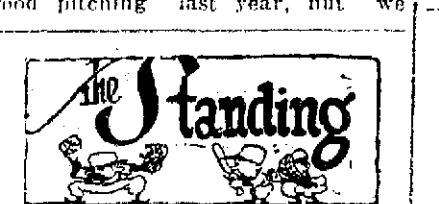

Marquard was easy for the Braves and the Reds lost 5 to 1.

Gharrit's home run with two helped Washington beat the Braves 5 to 5.

Lebourveau's two base error Stock's sacrifice and Mann's sacrifice fly, gave the Cards a 3 to 2 victory over the Phils in the 11th inning.

The Yanks pounded three White Sox pitchers all over the yard and won 11 to 4.

Babe Adams' arm was working 1884 form and the Pirates beat the Robins 7 to 5.

**PURCHASING AGENT AND  
CHAIN STORE MANAGER**  
The United Co-Operative Associa-  
tion of America is a national chain  
store organization, intends to open  
chain of stores in Lima and adjacent  
territory, and will require the services  
of a good business man as Purchasing  
Agent. This position offers the public  
superior goods at low prices. The  
agent must be a resident of Lima and  
competent to handle the volume of  
business. Store required, daily serv-  
ice. These stores offer the public nec-  
essary commodities and conditions, and  
prices that are moving with instanta-  
neous response. Both the stores and the  
plan of operation are leading the coun-  
try by storm. An opportunity such as  
this is rare. It is a chance to develop a  
long term contract, based on  
salary and commission, with large  
profits. We have given to the man with  
the ability to develop a spirit of  
friendly competition between the vari-  
ous stores, and a feeling of loyal com-  
pany spirit. The agent will be required to  
come to Chicago for a short course of  
instruction in our school, and assume  
his duties at once. Unless your local  
reputation is excellent, do not answer,  
but if you can fill the requirements  
outlined and can furnish a capable  
reference with a CHAIN MANAGER

PARDON HOLDUP IS DEMANDED

Prosecutor Tries to Bar Freedom of Stephen Ponticos

CINCINNATI—(By United Press)—Demand that Governor Davis hold up pardon of Stephen Ponticos, sentenced to a year in county jail for an offense against a 16-year-old girl, was made today in a telegram to Davis sent by John Weinig, special prosecutor of juvenile court.

Ponticos still is in jail, tho it is two days since Davis announced he would turn him loose. But the pardon has not yet reached Ponticos, if the papers have reached Cincinnati, they are in the hands of a man who, for reasons best known to himself, hesitates at the present time, to deliver them at the jail and effect the release of Ponticos.

Weinig hopes to overtake the governor by wire before the pardon papers reached Ponticos.

His telegram reads: "Governor Harry L. Davis, Palee Island Fishing Club, Sandusky, Ohio. "If pardon of Stephen Ponticos has not yet been issued, will you hold it until the state may be heard? I acted as prosecutor in this case and know it as one of the most vicious brought before the court. I cannot but feel you were deceived into the action you are reported to have taken.

(Signed) "John Weinig."

HOME OF CHICAGO

BANKER IS GUARDED

CHICAGO — Detectives today guarded the home of James B. Forgan, chairman of the board of directors of the First National Bank here.

Forgan received letters threatening violence or death in a woman's handwriting. Police believed blackmail the motive. The bank official was ill and confined to his home.

STILLMAN CASE IS POSTPONED

Divorce Hearing Date Changed from May 25 to June 1

NEW YORK—(By United Press)—The "secret" hearings in the Stillman divorce case were again postponed today from May 25 to June 1, and 2 by mutual consent of the attorneys.

The hearing were to have been resumed in Referee Gleason's library at Poughkeepsie. The postponement setting the new dates, agreed to the same place.

Today's action resulted in renewed reports that James A. Stillman, former president of the National City Bank, was determined to arrange a settlement outside of court if possible and that the hearings would be postponed from time to time to enable these negotiations to be carried on.

It was confidently asserted today by those in close touch with both principals that there is every likelihood of a settlement. The question of alimony, \$7,500 a month, has already been agreed upon and nothing stands in the way of a complete agreement except the question of the legitimacy of two-year-old Guy Stillman, of whom Stillman alleged Fred Beauvais, French-Canadian guide, is the father. The alimony figure would be a continuation of the temporary amount recently fixed by Justice Morchauer.

Mrs. Stillman has repeatedly maintained that she would consider no settlement which did not clearly acting guardian for the boy.

FALLS TO DEATH

Chicago Man Tumbles from Philadelphia Hotel Window

PHILADELPHIA — (By Associated Press) — A well dressed man about 35, who registered at a hotel here yesterday as G. R. Hoffman, Chicago, either fell or jumped from a seventh floor window early today and died in half an hour. His hands and face, the police said, were seared with a poison and in his room was found a bottle that had contained a deadly liquid.

Among his personal effects, the police found a letter addressed to him bearing the address of 2074 Midred-ave, Chicago, used coupons of Albany, N. Y., and Boston theatres, and a souvenir indicating he had attended a local theatre last night.

### SHORT SHAVINGS

A former judge who had become a cashier in a western bank, once decided to honor a check that a stranger

had presented. "The check is all right," he said, "but the evidence you offer in identifying yourself as the person to whose order it is drawn is scarcely sufficient."

"I have known you to hang a man on less evidence, judge," was the stranger's response.

"Quite likely," replied the ex-judge; "but when we're giving up cold cash, we have to be careful."

"That new clerk of ours won't do," said the junior member.

"Why not?" asked the head of the firm.

"He was an hour late the first morning he came to work."

"I spoke to him about that. He said he overslept because he sat up until 2 o'clock in the morning writing out-of-town friends and relatives about what a splendid concern had given him a job. We need a quick thinker around here and I guess we'd better keep him."

U. S. HOPES FOR  
PACT EXEMPTION

Anxious With Reference to Anglo-Japanese Treaty.

WILL BE RENEWED JULY 13

Washington Interested as to Application in War-time.

(BY A. L. BRADFORD)  
WASHINGTON—The United States government hopes to see this country exempted from application of the Anglo-Japanese alliance. If pact is renewed, it was understood Saturday night from authoritative sources.

The American government has expressed no opinion on the question of renewal of the Anglo-Japanese alliance directly or indirectly and it does not intend to inject itself into the discussion about to begin in London and Tokyo, since it considers this is a question solely for settlement by Great Britain and Japan to decide.

However, it would be pleasing to this government if Great Britain and Japan decide to include in the alliance a clause stating that neither country would be obligated to fight in event of a break between the United States and the other contracting party.

High administration officials are understood to have taken note that in anti-Japanese or anti-British expressions.

premises in this country the Anglo-Japanese alliance has been subject to criticism being cited as obligating Japan to attack the United States in case of war between this country and Great Britain or the other way about. Should the United States be exempted from application of the pact, such agitation in all three countries would be quieted. It is felt there is not much doubt in the minds of officials here that the Anglo-Japanese pact will be renewed in some form by the date of its automatic expiration July 13; next. Japan is understood to be anxious that the pact be renewed and it is believed here that for Great Britain to denounce the agreement or let it expire, would antagonize Japan to an extent that Great Britain could not afford.

**WILL BE MODIFIED**  
The alliance first is to be modified. It is not to conflict with the terms of the League of Nations and Japan some time ago notified the league that the pact would be so changed. Then other modifications and changes are expected to be made in it.

The first step in deciding whether the alliance shall be renewed will be taken next month by the British government when a conference of representatives of the British dominions assembles in London.

The view of the dominions will be asked on the question of renewing the pact. Some of the dominions have given indications that they would oppose the pact, but reports reaching here state they will probably agree to it with modifications. Some of the dominion representatives also are expected to urge that the United States be exempted from the effect of the alliance.

Article 4 of the alliance as it stands Saturday in effect relieves Great Britain of any obligation to go to war against the United States in event of a break between the country and Japan. This article provides that when any arbitration treaty is entered into between either Japan or Great Britain and a third power, the alliance would not obligate the contracting party to the alliance signing the treaty to declare war on the third party concerned in case of war between that power and the other contracting power.

This article was included in the alliance in 1911 in anticipation of an arbitration treaty being then arranged by this country with Great Britain. This proposed treaty was never ratified by the United States senate but a covenant was signed by the United States and Japan providing for the intervention by a commission of any disputes arising between the two countries. Great Britain later notified Japan that Article 4 of the alliance was interpreted to apply to this latter convention. It is felt, however, that the exemption of the United States from the terms of the alliance should be made more specific and applicable in the case of both Japan and Great Britain.

TRIAL OF WOMAN  
OPENS MONDAY

Chicago Affinity Slayer Will Plead Self-Defense.

**CHICAGO**—Mrs. Cora C. Orthwein, affinity slayer, will be tried by a jury of her peers—12 women—according to indications here Saturday night.

The becoming divorcee, who is charged with the murder of Herbert P. Zeigler, one of the high executives of the Goodrich Tire and Rubber Company, will face trial Monday.

Mrs. Orthwein shot and killed Zeigler, with whom she had been intimate in the "Gold Coast" apartment, she confessed.

Ben Short, her attorney, will contend that she shot in self defense. The state charges she shot Zeigler because he planned to leave her and return to his family.

COUNTY VISITORS  
FILE REPT

Comment Concerning Infirmary Is Not Flattering.

Members of the board of county visitors, Calvin Osborne, president; Rosa M. Lindemann, secretary; Anna M. Vicary, Ira H. Broese and W. C. Brenneman, have filed with the county commissioners report of an inspection of the County Infirmary, the Children's Home and the Detention Home.

At the infirmary they found 84 inmates, 64 men and 20 women. Live stock and products on the farm include 17 head of cattle, 21 two-year-olds, six horses, 36 head of hogs, 603 bushels of wheat, 150 bushels of oats, 150 bushels of corn, 100 bushels of potatoes, 15 ton of hay, 1,500 pounds of lard and 200 pounds of smoked meat.

The visitors report 40 acres of growing wheat, apparently in good condition; 55 acres of corn, 45 acres of oats, 10 acres of potatoes and 45 acres of clover hay.

"At the infirmary conditions in the house and outbuildings were not as good as we found them on previous visits," the report states.

At the Children's Home there are 100 children, all well and happy. The visitors heard songs given by the children. The members express regret that Superintendent and Marston, Mr. and Mrs. D. W. Higby are contemplating leaving the home, as under their care and supervision the children are well taken care of.

Thirty-two head of shoats are kept at the Children's Home farm, seven brood animals, six cows, four horses, 500 bushels of oats. Forty-four acres has been planted in corn, 30 acres in oats, two acres in sweet corn and two acres of truck garden.

WEST POINT

State to Send Ten Men out of 264 Admitted.

**WASHINGTON**—(By International News Service)—Candidates to be admitted to the United States Military Academy at West Point on July 1, 1921, as a result of the entrance examinations held in March, were announced recently by the War Department.

There are 264 names on the list. New York, as usual, will have the greatest representation, sixteen candidates having been appointed from that state. Ohio will have ten, Pennsylvania eight, Georgia and Iowa eight. Eighteen candidates were appointed from the National Guard and seventy-eight from the enlisted men of the Regular Army.

The list for Ohio is William Nelson Gilmore, Lorain; John Stephen Henn, Hamilton; Kenneth Dwight Willis, Zanesfield (?); John Halliday McCormick, Gallipolis; Clyde Eugene Steel, Chillicothe; Bernard Lewis Hunder, Granville; John Howard Bennett, No. 408 Highland-ave, Steubenville; Fred Stanley Cusack, No. 121 Stanton Boulevard, Steubenville; Arthur Anton Rupert, No. 7401 Harvard-ave, Cleveland; John Robert McGuinness, No. 2061 E. CONTENDS THAT DOG  
COMMITTED SUICIDE

**BOSTON**—Did John Chaisson's dog, driven to the desperate deed by fleas, commit suicide by jumping in front of Attorney Peter J. Donaghy's automobile? Such is the solemn question propounded by Attorney Donaghy, who is fighting a \$1,000 damage suit for killing the animal. In filing his complaint Chaisson set forth in grave legal terms that the dog was in the exercise of due care and diligence when he collided with the automobile and shuffled off this mortal coil.

With equal solemnity, in one of the most remarkable documents ever filed in Suffolk Superior Court, Donaghy replies.

"That the said dog was crossing the street in front of the defendant's automobile and that she reached the center of the street he suddenly turned and revolved in a circle, snapping and biting at other animals that were hidden from the defendant's view by the long hair of the dog's tail.

"And the dog becoming despondent at his inability to dislodge the said small animals, haled himself under the defendant's automobile and thereby committed suicide."

FRENCH SOB SISTERS  
MAKE EASY MONEY

**PARIS**—All Paris was touched a month ago by the story of two young girls whose parents had been killed by the war and who, having lost their employment in a factory through illness, sprang together, one Sunday afternoon, in the River Seine, but were rescued.

A newspaper opened a subscription for them which is said to have reached \$10,000.

The statement is now made in the Eclair that the girls are excellent swimmers who have played the same trick on the generous public in several provincial towns.

BABE IS SENT TO  
JAIL WITH MOTHER

**BOSTON**—In imposing a sentence of eight years upon Mrs. Carmello Fruci, of Norwood, who shot and killed her husband, Judge Wilber P. Hall, in the Dedham Superior Court, directed that the woman be taken to jail by its mother.

The woman's three sons, Frank, aged thirteen; John, aged eleven, and Charles, aged eight, hysterically rushed to their mother's arms and made her good-bye in the courthouse before her removal to prison.

## Fordson

TRADE MARK

## Farm Tractor

Winter or bad weather does not hinder the Fordson's usefulness. There is always some job—draw-bar or belt—that the Fordson will do more quickly, more efficiently and with a small consumption of fuel. Besides it solves the labor problem.

Day or night—twenty-four hours a day if you choose—you can utilize the Fordson. Like the machines in the factories, the Fordson furnishes power that is always ready for use—a power that means a saving in labor and time. And for that reason, the Fordson is a money-maker.

Back of the Fordson is the Fordson service organization—Fordson repairmen and stocks of extra parts—are always convenient and insure you continuous use of your tractor.

Don't delay ordering your Fordson. Only so many are allotted this territory and orders are filled in rotation. Let us have your order now; we will give it prompt attention.
